BYLAWS

for the

PENINSULA REGIONAL TRANSPORTATION PLANNING ORGANIZATION

1. Organization

The Peninsula Regional Transportation Planning Organization (PRTPO) was established in 1990 through an Interlocal Agreement (ILA) to encompass the territory physically lying within the counties of Clallam, Jefferson, Kitsap and Mason Counties as authorized by chapter 47.80 RCW and chapter 468-86 WAC.

2. Membership

A. Voting membership

Any entity that is authorized by the ILA to execute and has executed the Interlocal Agreement or any amendment thereof, shall be a voting member of the PRTPO. The term “member” as used in this ILA shall refer to the entity itself and not the representative or alternate of the member.

An entity seeking to become a voting member shall express that interest according to whether it is a Tribe or a non-tribal entity seeking recognition, as provided herein.

i. Tribes

Any federally recognized Tribe holding reservation or trust lands within the PRTPO planning area and which is not already a voting member may execute the ILA and become a voting member of the PRTPO following execution of the ILA. Tribal requests for membership may occur at any time and are not limited to the formal invitations PRTPO extends to non-member tribes every two years in accordance with RCW 47.80.050.

ii. All Other Entities

Any non-tribal entity seeking to become a voting member shall submit a letter of application to the Chair stating the rationale for membership. The Chair shall consult with the officers to consider whether the membership request furthers the purpose of the PRTPO and to verify that voting membership is open to the entity as provided in the ILA. The Chair shall present this information and make a recommendation to the Executive Board at a regular meeting. Membership requests from non-tribal entities require a vote of the Executive Board. Upon approval of the membership request by the Executive Board the entity shall execute the ILA and be included as a voting member to the PRTPO.

B. Nonvoting membership

Entities that are not authorized to become voting members of the PRTPO may become nonvoting members as provided herein.

An entity seeking to become a nonvoting member shall submit a letter of application to the Chair of the Executive Board stating the rationale for membership. The Chair shall consult with the other officers to consider whether the entity may provide useful perspectives to regional transportation planning. The Chair shall present this information and make a recommendation to the Executive Board at a regular meeting. Membership requests require a vote of the Executive Board.

Washington legislators whose districts are wholly or partially within the PRTPO boundary are automatically considered ex officio nonvoting members.

C. Representatives

Members shall designate representatives to attend meetings on their behalf and to vote on behalf of the voting member. All representatives must have authority to speak for the entity. Members must submit a letter naming the designated representative and up to two alternates. Letters from voting members shall specifically authorize the representative and alternate(s) to vote on the member's behalf. Representatives may be changed at any time upon written notice to the Executive Board.

D. Responsibilities

All members, representatives, and alternates must be fully engaged in the activities of the PRTPO. Representatives/alternates are expected to regularly attend, prepare for, and actively participate in scheduled meetings and in other special meetings and committees as appropriate. It is important that all members and their representatives/alternates maintain a regional perspective on matters coming before the Executive Board and work within a collegial atmosphere that strives for informed consensus in all of its decisions while respecting the viewpoints of others. Representatives/alternates are responsible for conveying pertinent information discussed or presented at meetings back to their respective entities for information or action.

3. The Executive Board

A. Purpose and responsibility

The Executive Board shall constitute the decision-making body of the PRTPO and shall direct, operate and set the transportation policy goals of the PRTPO. It shall be composed of one representative from each voting member. The Executive Board shall comply with all applicable local, state and federal laws.

B. The Officers

The Executive Board shall have at least three officers: Chair, Vice Chair, and Secretary.

i. The Chair

The Chair shall preside at all meetings, approve the agenda for the meetings, call special meetings, and set the time and place of meetings in consultation with the membership. In addition, the Chair has authority to establish committees and their membership for the purpose of making recommendations on the budget and making recommendations to the Executive Board on policy issues and other matters being addressed by the Executive Board. The Chair may sign correspondence and other routine business matters on behalf of PRTPO following approval by the Executive Board or as established in PRTPO Policy.

ii. The Vice Chair

The Vice Chair shall serve in the Chair's absence.

iii. The Secretary

The Secretary shall serve in the absence of the Chair and Vice Chair. The Secretary will also ensure that the agenda and meeting minutes are distributed and published on the PRTPO website.

iv. Office elections

Officer positions are for two-year terms. Officers shall be elected during the first meeting of each calendar year in which a position is open. Prior to the first meeting of the calendar year, the Chair shall solicit nominations in writing from all the voting members. At the first meeting, the presiding Chair shall present the slate of nominees to be considered for each position and take nominations from the floor. The newly elected officers shall take office at the close of the meeting at which they were elected. Officers may serve no more than two consecutive terms in the same office. In the event there is a vacancy prior to the expiration of a term, the Executive Board shall elect a new officer to serve the unexpired portion of the term.

C. Executive Committee

The officers may function as an executive committee to make recommendations to the Executive Board on matters relating to the budget, the work program, or other policy issues as requested by the Executive Board, including the establishment of procedures and policies. Such procedures and policies may relate, but are not limited, to, procurement, processing of invoices, making disbursements, drafting and adoption of the Unified Planning Work Program and Budget, and code of conduct. The Executive Committee may also approve expenditures and reimbursements that are authorized by the budget, are within the approved budget, and are consistent with any authorizing contract.

Exhibit A shall be automatically updated upon the addition of a new voting member without the need to amend these Bylaws.

F. Executive Board voting

A simple majority vote of the quorum is required for approval of an action. Any vote can be taken by voice, raising of hands, roll call (yeas and nays) or other means. Current voting membership belongs to each of the public agencies who have executed this Agreement. New voting members may be added by the execution of this Agreement when approved by the Executive Board.

Nonvoting membership is authorized and encouraged to facilitate cooperative regional transportation planning. Nonvoting membership shall be open to community organizations, employers and other public agencies that are not voting members. Nonvoting membership shall be as approved by the voting membership in accordance with the Bylaws.

2. Purpose and Authority

The purpose of the PRPTO is to fulfill the legislature's intent to have local jurisdictions, tribes, and the state come together for coordinated transportation planning and to have an interconnected and coordinated transportation system that achieves both statewide and local transportation goals.

To accomplish these purposes, the PRPTO shall have the following authority and duties, as established by chapter 47.80 RCW:

- A. Provide a forum for cooperative decision making by the region's elected officials in order to bring about a continuous and comprehensive transportation planning process.
- B. Foster cooperation and collaboration among local, state and tribal governments throughout the region.
- C. Maintain an ongoing transportation strategy for the region and coordinate actions of local and state government so that we may make the best use of our land, air, water and energy resources and overcome the problems of waste and pollution.
- D. Develop and adopt a Regional Transportation Plan that is consistent with countywide planning policies, with county and city transportation plans, and with state transportation plans.
- E. Certify that transportation elements of comprehensive plans adopted by Clallam, Jefferson, and Mason Counties and cities therein are consistent with the Growth Management Act and with the PRPTO's Regional Transportation Plan. Also, where appropriate, certify that their countywide planning policies adopted under RCW 36.70A.210 and the adopted Regional Transportation Plan are consistent.
- F. Develop a six-year Regional Transportation Improvement Program (RTIP) for areas within Clallam, Jefferson and Mason counties that proposes regionally significant transportation project and programs and transportation demand measures.

- G. Develop a Coordinated Transit-Human Services Transportation Plan and include specific opportunities and projects aimed to advance special needs coordinated transportation.
- H. Designate and direct a lead planning agency to coordinate preparation of the Regional Transportation Plan and carry out other responsibilities of the PRTPO as set forth in the Bylaws.
- I. Provide assistance to others to develop level of services standards or alternative transportation performance measures and review those standards of GMA counties and cities to promote a consistent regional evaluation of transportation facilities and services.
- J. Foster and facilitate cooperation and coordination between other regional transportation planning organizations and metropolitan planning organizations.
- K. Foster transportation facilities which encourage economic growth and stability for the region.
- L. Provide assistance and information to public agencies in their preparation of local transportation plans.

3. Organization Structure

The PRTPO shall have the following structure as set forth herein and as further described in the Bylaws.

- A. Executive Board. An Executive Board is hereby established to be the governing body of the PRTPO. All voting members shall have representation on the Executive Board as described in the Bylaws.
- B. Transportation Policy Board. A Transportation Policy Board is hereby established to provide policy advice to the Executive Board on regional transportation issues as provided by RCW 47.80.040. Composition of the Transportation Policy Board shall be determined as provided in the Bylaws.
- C. Technical Advisory Committee. A Technical Advisory Committee is hereby established to provide technical advice to the Executive Board on all matters that may come before the Board. Composition of the Technical Advisory Committee shall be determined as provided in the Bylaws.
- D. The Executive Board may establish other committees as needed to perform the duties of the PRTPO as provided in the Bylaws.

//

4. Bylaws

Bylaws shall be adopted to carry out the purpose and objectives set forth herein and shall, at a minimum, include schedules and rules for meetings as well as voting structures for the PRTPO and any board or committee thereof. The Bylaws shall initially be adopted by a majority vote of the total members of the organization and shall be amended as provided for in the Bylaws.

5. Lead Planning Agency

The PRTPO shall designate a Lead Planning Agency to perform the duties required by chapter 47.80 RCW and such other duties as assigned by the Executive Board.

The duties of the Lead Planning Agency shall include, but not be limited to, the following: provide staff support and coordination for the Executive Board, the Transportation Policy Board and the Technical Advisory Committee; hire, supervise and administer personnel, contractors and consultants as directed by the Executive Board; and provide such information, data, inventories and services as may be necessary to carry out the purposes of the PRTPO.

6. Fiscal Agent

The PRTPO shall designate a Fiscal Agent to perform the financial duties as assigned by the Executive Board. These may include, but are not limited to, the collection and disbursement of funds for the purposes of the organization and the provision of information, data, and services as may be necessary to carry out the financial obligations of the PRTPO. At the Executive Board's discretion, the Fiscal Agent may be the same entity as the Lead Planning Agency.

7. Financing

The PRTPO shall be financed in a manner as provided for in the Bylaws and through such local, state, federal, and/or private funding as becomes available. The PRTPO, or the Lead Planning Agency on behalf of the organization, is authorized to apply for such federal, state or private funding of any nature as may become available to assist the PRTPO in carrying out its purposes and functions.

8. Budget

The Lead Planning Agency shall develop a budget which will meet the anticipated expenses of the PRTPO for the coming budget year. The Lead Planning Agency shall submit the proposed budget to the Executive Board for review and comment.

9. Insurance

The Executive Board shall procure insurance sufficient to provide adequate coverage for the obligations and liabilities of the PRTPO.

//

10. Duration

This Agreement is perpetual unless a member decides to withdraw from the PRTPO pursuant to Section 11 or the members agree to dissolve the PRTPO pursuant to Section 12 of this Agreement.

11. Withdrawal from the PRTPO

Any member shall have the right to withdraw from the PRTPO and this agreement by giving six months written notice to the Executive Board. The remaining members agree that such withdrawal will not absolve them of responsibility for meeting financial and other obligations of annual contracts or agreements of the PRTPO. Further, such withdrawal will not affect the continuation of the PRTPO unless the requirements of RCW 47.80.020 are no longer met.

12. Dissolution of the PRTPO

The PRTPO may be dissolved at any meeting of the Executive Board by a majority vote of all voting members, so long as all voting members were provided at least six months written notice of the proposed dissolution, or as otherwise provided for in the bylaws, and all voting members were provided an opportunity for comment on the motion.

Upon dissolution of the PRTPO, all liabilities, costs, expenses, and charges validly incurred shall be resolved. If any funds or assets of the PRTPO remain, such shall be returned as provided by law or contract, or distributed as determined by the Executive Board. The debts, liabilities, and obligations of the PRTPO shall not constitute a debt, liability or obligation of any member.

13. Binding effect

The undersigned public agencies agree that this Interlocal Agreement is binding and that each will use their best efforts for coordinated and cooperative transportation planning. All tribes expressly agree to a limited waiver of their sovereign immunity for the sole and limited purpose of committing to the terms and obligations of this Interlocal Agreement.

WHEREAS, the Peninsula Regional Transportation Planning Organization (PRTPO) is a voluntary regional transportation and planning organization made up of various transportation-oriented public agencies in the counties of Clallam, Jefferson, Kitsap, and Mason. The PRTPO is authorized by chapter 47.80 RCW and formed as a separate legal entity under an Interlocal Agreement (ILA) pursuant to chapter 39.34 RCW;

WHEREAS, Jefferson Transit Authority (JTA) is a public transportation benefit area formed pursuant to RCW 36.57A and is a member of the PRTPO;

Agreement

NOW THEREFORE, in consideration of mutual promises and covenants herein it is hereby agreed:

- J. Cooperate with and respond to any independent audit conducted on the PRTPO Fund in coordination with PRTPO.
- K. Provide all information, data, and services as may be necessary to carry out the financial obligations of the PRTPO and forward annual financial records and audit reports to the Lead Planning Agency for archival purposes.
- L. Perform such other financial duties as may be assigned by the PRTPO.

All invoices for services and other PRTPO-related deposits and withdrawal direction from the PRTPO should be addressed to Jefferson Transit Authority for processing at the following address:

- B. Complying with any and all laws, regulations, ordinances and grant funding requirements, including but not limited to RCW 43.09.210, fiscal reporting, monitoring and record retention.
- C. Cooperating with and responding to any independent audit conducted on the PRTPO fund in coordination with JTA.

4. Compensation

A. Amount

JTA will be compensated for its actual direct and related indirect costs for performing the duties and responsibilities under this Agreement. The rate and total compensation under this Agreement shall not exceed the budgeted amounts approved in the adopted UPWP. All costs must be consistent with cost principles contained in 2 CFR 200 when federal funds are used.

All out-of-state travel must have prior written approval of the PRTPO to be eligible for reimbursement. Current Washington State Department of Transportation (WSDOT) travel regulations and rates shall apply to all in-state and out-of-state travel for which reimbursement is claimed during the term of this Agreement.

Any equipment purchased under this Agreement must be purchased, managed, and disposed of in accordance with 2 CFR 200 when federal funds are used.

B. Invoices

At least once a quarter and not more than once a month, JTA will receive a RTPO Planning Invoice Voucher and RTPO Unified Planning Work Program (UPWP) Activity Detail form from the Lead Planning Agency (LPA) detailing LPA work and request for payment. JTA shall amend the Invoice Voucher and Activity Detail to include any charges incurred by JTA for services they performed on behalf of the PRTPO. JTA shall maintain back up documentation for any charges included on the Invoice Voucher.

JTA shall then submit the consolidated RTPO Planning Invoice Voucher and Activity Detail to the Executive Committee for approval prior to submission to WSDOT. The PRTPO shall review and approve each invoice in an expeditious manner. Promptly following PRTPO approval, JTA shall submit the invoice for payment to TRCOFiscal@wsdot.wa.gov.

C. Payment

JTA shall maintain appropriate accounting records for the amounts invoiced by the LPA and the FA. Upon receipt of payment from WSDOT, JTA shall promptly disburse funds in accordance with the approved invoice.

5. Records

A. Maintenance

JTA shall maintain all records in support of all costs incurred and actual expenditures in accordance with procedures prescribed by the Division of Municipal Corporations of the State Auditor's Office, the U.S. Department of Transportation (USDOT), and WSDOT. All such records shall be retained by JTA as required under state or federal law or grant agreements. Copies thereof shall be furnished to the PRTPO or WSDOT if requested. Year-end financial records shall be provided to the Lead Planning Agency to be included in PRTPO's archival documentation.

B. Access

All files and other documents maintained by JTA under this Agreement shall be files of the PRTPO and both the PRTPO and WSDOT, and any of their agents or representatives, shall have full access to and the right to examine, during normal business hours and as often as they deem necessary, all records with respect to all matters covered by this Agreement. Both the PRTPO and WSDOT, and any of their agents or representatives, shall be permitted to audit, examine, and make excerpts or transcripts from such records and to make audits of all contracts, invoices, materials, payrolls, and other matters covered by this Agreement.

C. Audits

If the applicability of 2 CFR 200 is triggered, JTA shall arrange for audit of funds expended under this Agreement consistent therewith.

6. Indemnification and liability

Each party to this Agreement shall be responsible for damage to persons or property resulting from the negligence on the part of itself, its employees, its agents, or its officers. Neither party assumes any responsibility to the other party for the consequences of any act or omission of any person, firm, or corporation not a party to this Agreement.

Solely for the purposes of this provision, each party waives its immunity under Title 51 (Industrial Insurance) of the Revised Code of Washington and acknowledges that this waiver was mutually negotiated by the parties.

No liability shall attach to either party or to WSDOT by reason of entering into this Agreement except as expressly provided herein.

7. Insurance

Prior to and during the performance of this Agreement, JTA shall provide the PRTPO with evidence that it has obtained and maintains in full force and effect during the term of this Agreement a policy of liability insurance, and or errors and omissions insurance, providing coverage of at least \$1,000,000 for liability or errors and omissions in connection with the work to be performed by JTA under this Agreement. JTA shall furnish the PRTPO with a certificate of insurance and endorsement for review by the PRTPO. The PRTPO shall also be provided 30 days' written notice of any cancellation of such liability insurance.

8. Dispute Resolution

If any dispute arises under this Agreement, the parties shall first engage in an informal attempt to find a mutual resolution to the dispute. If no informal resolution is accomplished, the parties may engage a mediator or a dispute resolution process that is mutually agreeable.

9. Termination

Either party may terminate this agreement with or without cause upon six (6) months written notice to the other party. Termination shall not affect any of the rights or obligations of any party to the other accruing prior to the termination date.

10. Amendment

This Agreement may be amended only in writing and only by agreement by both parties.

12. Miscellaneous

A. Compliance

JTA shall comply with all federal, state and local laws and ordinances applicable to the work to be done under this Agreement, including but not limited to the following:

1. Equal Employment Opportunity. JTA agrees to abide by all State and Federal regulations with respect to employment. This includes, but is not limited to, equal opportunity employment, nondiscrimination assurances, project record keeping, audits, inspection, and retention of records.
2. Title 6, Civil Rights Act of 1964. JTA will comply with 49 CFR Part 21, which are regulations of the US Department of Transportation relative to nondiscrimination in federally assisted programs. As provided therein:
 - i. JTA shall not discriminate on the grounds of race, color, or national origin in the selection and retention of subcontractors, including procurements of materials and leases of equipment.
 - ii. JTA shall not participate either directly or indirectly in prohibited discrimination, including employment practices when the contract covers a program set forth in Appendix A-11 of 49 CFR Part 21.
 - iii. In all solicitations, either by competitive bidding or negotiation and including for procurements of materials or equipment, JTA shall notify each potential subcontractor or supplier of the obligations under this Agreement and 49 CFR Part 21 relative to nondiscrimination on the grounds of race, color, or national origin.
 - iv. JTA shall provide all information and reports required by 49 CFR Part 21 or any orders and instructions issued pursuant thereto, and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined necessary by WSDOT or USDOT or the Federal Highway Administration (FHA) to ascertain compliance with such regulations, orders, and instructions. Where any information required of JTA is in the exclusive possession of another who fails or refuses to furnish this information, JTA shall so certify to WSDOT, or FHA as appropriate, and shall set forth what efforts it has made to obtain the information.
 - v. Any noncompliance with the nondiscrimination provisions of this contract, WSDOT shall impose such contract sanctions as it or the FHA may determine to be appropriate.
 - vi. JTA shall include the above provision in every subcontract unless otherwise exempt by 49 CFR Part 21 or any orders or instructions issued pursuant thereto. JTA shall also take such action as directed by WSDOT or the FHA to enforce these provisions against any subcontractor, including sanctions for noncompliance. Provided, however, that in the event JTA becomes involved in, or is threatened with litigation with a subcontractor or supplier as a result of such direction, JTA may request the state to enter into such litigation to protect the interest of the United States.

B. Assignment

JTA shall not assign, sublet, or transfer any of the work provided for under this Agreement without prior written approval from the PRTPO, and the PRTPO shall review and approve any consultant agreement prior to execution. JTA shall comply with all federal and state laws and regulations governing the selection and employment of consultants. The PRTPO reserves the right to appoint a representative to serve on any consultant selection committee. Subcontracts greater than \$10,000 must contain all the required provisions of this contract.

C. Independent Contractor

JTA shall be deemed an independent contractor for all purposes and the employees of JTA or any of its contractors, subcontractors, and the employees thereof, shall not in any manner be deemed to be employees of the PRTPO.

D. Integration

This Agreement constitutes the entire agreement between the parties. No other understanding or representations, oral or written, regarding the subject matter of this Agreement, unless expressly referenced herein, will be deemed to exist or bind the parties.

E. Severability

If any of the provisions of this Agreement are deemed illegal, invalid or unenforceable, the remaining provisions shall remain in full force and effect.

13. Effective date and duration

This Agreement shall be effective on July 1, 2023. This agreement shall remain in effect for 2 years unless terminated earlier in accordance with Section 9 or extended by written agreement as set forth in Section 10.

The Prosecuting Attorney's services shall be furnished as an independent consultant and nothing in or arising from this Agreement shall be construed to create a relationship of employer-employee or master-servant.

9. INDEMNIFICATION

The County shall indemnify the Client and its agents, officers, officials, and employees for all losses, claims, and damages caused by the negligence or willful acts of County and/or its agents, officers, and employees, arising directly or indirectly out of or in consequence of the performance of this Agreement. Either party may terminate this Agreement upon thirty (30) days written notice to the other. Upon receipt of the notice of termination, no further fees or expenses may be incurred except as authorized by the Client. If this Agreement is terminated in accordance with this paragraph, the Prosecuting Attorney will be entitled to payment for all work actually performed. An equitable adjustment in the Prosecuting Attorney's compensation for partially completed items of work will be made.

11. NON-EXCLUSIVE AGREEMENT

The Client may obtain legal services from persons or entities in addition to Prosecuting Attorney. The Prosecuting Attorney may provide legal services to the County and other entities as allowed under state law.

12. CONFLICTS OF INTEREST

As more fully explained in Attachment B: Conflict Letter, the Prosecuting Attorney shall observe the Rules of Professional Conduct as applicable to county prosecuting attorneys and inform the Client if actual or potential conflicts of interest arise. The Client recognizes that the Prosecuting Attorney may from time to time, represent the County in matters that may also involve the Client. In such cases, if a conflict arises, the Client understands and agrees that the Prosecuting Attorney must represent the County even though the County may be adverse to the Client. In the event of such a conflict, when possible, the Prosecuting Attorney shall assign different deputy prosecuting attorneys to represent the County and the Client and create an "ethics wall" to screen each attorney from the client confidences of the other. If a conflict of interest arises during the term of this Agreement which, in accordance with the Rules of Professional Conduct, either has not been waived by both the Client and the County following full disclosure, or cannot be waived despite full disclosure, the Prosecuting Attorney will work with the Client to secure

appropriate representation and provide for a smooth transition to alternative counsel. The Client expressly waives any and all objections it might otherwise have to the Prosecuting Attorney's representation of the County. This section shall survive the expiration or termination of this Agreement.

13. NON-WAIVER

The failure of either party to exercise any rights or remedies under this Agreement for any breach shall not constitute a continuing waiver of any obligation and shall not prevent either party from pursuing any such rights or remedies for any succeeding breach.

14. INTEGRATION

This Agreement contains the entire agreement of the parties. There are no promises, terms, conditions, or obligations other than those contained herein. This Agreement will supersede all previous communications, representations, or agreements, either verbal or written, between the parties.

15. BINDING EFFECT

The provisions of this Agreement are binding upon the parties and their successors, assigns, and legal representatives.

16. MODIFICATION

This Agreement may be amended only upon written agreement of the parties executed with the same formalities required for the execution of this Agreement.

If any provision of this Agreement is held invalid, the remainder of this Agreement and the remaining rights and obligations of the parties will be construed and enforced as if this Agreement did not contain the invalid part, provided that the fundamental purposes of this Agreement can still be carried out.

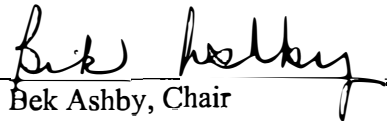

18. GOVERNING LAW; VENUE

This Agreement shall be governed by the laws of the State of Washington, both as to interpretation and performance, and any action at law, suit in equity, or other proceeding for the enforcement of this Agreement or any provision thereof shall be instituted only in the courts of the State of Washington, County of Kitsap.

RE: Legal Services Agreement KC-665-21
Exhibit B - Waiver of Potential Conflicts of Interest

Dear Ms. Ashby:

The purpose of this letter is to explain potential conflict of interests in connection with the Prosecuting Attorney's Office providing legal services to the PRTPO.

The Interlocal Cooperation Act, particularly RCW 39.34.080, authorizes public agencies to contract with each other to perform governmental services, activities, or undertakings. For several years, the Office of the Kitsap County Prosecuting Attorney (the "Prosecutor") has provided legal services to the PRTPO. We value our relationship with the PRTPO and are willing to continue to provide such services. However, to ensure that the PRTPO understands the limitations on the legal services we provide, as well as the potential conflicts that may arise with our representation, we are providing this written explanation and request the Executive Board of the PRTPO to expressly authorize the continuation of legal services by the Prosecutor and waive potential conflicts of interest that might arise by virtue of our services to the PRTPO.

The PRTPO is a legally independent public agency authorized by the state under chapter 47.80 RCW and governed by an Executive Board. Nevertheless, its membership is quite varied, consisting of transportation agencies and stakeholders in Clallam, Jefferson, Mason, and Kitsap counties, including county and city governments, transit districts, port districts, Tribal governments, and the Washington State Department of Transportation. In agreeing to serve as general counsel to the PRTPO, the Prosecutor's advice will not constitute legal advice to or representation of any particular member of the PRTPO, but to the PRTPO itself. The individual members of the PRPTO will continue to receive legal advice and representation from their appointed agency attorneys. Similarly, under chapter 36.27 RCW, the Prosecutor has a legal duty and affirmative obligation to be the legal adviser to the Kitsap County Board of Commissioners and all County officers.

In serving as legal counsel to the PRTPO as well as the legal advisor to Kitsap County there may be times that the County and the PRTPO are involved in the same matter, giving rise to a potential conflict of interest. The Rules of Professional Conduct ("RPCs") allow clients to

waive conflicts of interest when a lawyer reasonably believes that the lawyer will be able to provide competent and diligent representation to each affected client and each affected client gives informed consent in writing. In evaluating the potential conflicts that might arise with the Prosecutor's representation of PRTPO, we considered the legal matters PRTPO has sought assistance with in the past, and may in the future seek legal assistance with:

- Revisions to contracts and bylaws;
- Laws and regulations pertaining to growth management, transportation planning, and transportation funding;
- Open Public Meeting Laws;
- Public Records Act, including retention and disclosure;
- Agreements with other public agencies, including grants and loans;
- Review and negotiation of municipal contracts, including procurement compliance with federal and state laws and regulations;
- Interlocal agreements with other public agencies;
- General policy review;
- Real and personal property acquisition and disposition; and/or
- Labor and employment matters.

The Prosecutor's handling of most of the matters listed above should present no conflicts of interest. The primary reason for this is that the County is a member of the PRTPO. Thus, any confidential information of the PRTPO is already shared the County and the potential for confidential information of the PRTPO being used to its disadvantage is low.

The main concern associated with waivers of conflicts of interest under the circumstances presented here is ensuring that the PRTPO and the County each receive objective and independent legal advice. For example, there have been and could be situations, such as where the PRTPO and the County are parties to the same contract, where the Prosecutor will need to assign different deputy prosecuting attorneys to represent the County and the PRTPO and create an "ethics wall" to screen each attorney from the client confidences of the other.

In our role as legal counsel to the PRTPO, we intend to provide objective and independent legal advice to the PRTPO. We must also provide objective and independent legal advice to the County. When the PRTPO becomes aware of matters that will involve both it and the County, before requesting legal assistance it will be incumbent upon the PRTPO to notify the Prosecutor so that the Prosecutor may assign different deputy prosecuting attorneys to the PRTPO and the County. If a conflict of interest arises which, in accordance with the RPCs, either has not been waived by both the PRTPO and the County following full disclosure, or cannot be waived despite full disclosure, the Prosecutor will work with the PRTPO to secure appropriate representation and provide for a smooth transition to alternative counsel.

By executing this letter, the PRTPO and each member agency of the PRTPO consent to the Prosecutor's service as legal counsel for the PRTPO and waive any conflict of interest that might be said to arise by virtue of that representation. In addition, the PRTPO and each member

Bek Ashby

agency of the PRTPO consent to Prosecutor's ongoing representation of the County. We will inform the PRTPO and the County when we became aware of representation that might present a conflict of interest under the RPCs and request a waiver at that time. In some circumstances, the Prosecutor will reach out to PRTPO members' attorneys, so that each may obtain independent advice about the specific matter if it chooses to do so.

If a situation arises in the future in which we perceive a potential conflict of interest where our duty of loyalty to you materially conflicts with our similar duty to the County, we will immediately bring this to the attention of the PRTPO and the County. In such an event, it may be necessary for us to remove ourselves from advising the PRTPO with respect to the matter involved. We trust this approach is acceptable to the PRTPO and each member of the PRTPO.

Please present this letter together with the legal services agreement for consideration by the PRTPO. If this approach is acceptable, please ask the Chair to sign the enclosed copy of this letter and return it to me at your convenience. By signing this letter, each member agency of the PRTPO is waiving any conflict of interest that could be said to arise by virtue of our work as legal counsel to the PRTPO. Further, the PRTPO also expressly waives any conflict arising from Prosecutor's continued legal representation of the County.

Thank you for your attention and consideration.

Sincerely yours,

CHAD M. ENRIGHT

This Agreement, is entered into on the Start Date under Term of Agreement above, regardless of the date of signature execution, between the Washington State Department of Transportation “WSDOT”, acting by and through its Director, Multimodal Planning and Data Division and the Tribal and Regional Integrated Planning office, hereinafter called the “STATE,” and the above named Regional Transportation Planning Organization, hereinafter called the “RTPO,” collectively referred to as “Parties” and individually as “Party” and “RTPO.”

Recitals

1. The above named county(ies) has (have) created a RTPO in accordance with the requirements set forth in RCW 47.80.020;
2. The STATE has available funds, which have been allocated to it: (a) State RTPO funds; and/ or (b) possibly other state funds which can be used to facilitate regional transportation planning.

NOW THEREFORE, pursuant to RCW 39.34 and RCW 47.80, the above recitals that are incorporated herein as fully set forth below, and in consideration of the terms, conditions, and promises contained herein, and/or attached hereto as Exhibits, and by this reference made a part of this Agreement, it is mutually agreed as follows:

1 Work Scope and Budget

- 1.1 The work scope and budget for the RTPO planning activities funded by this Agreement shall be documented annually (or biennially with an annual review) in a Unified Planning Work Program hereinafter called “UPWP”. The UPWPs are kept on file in WSDOT Headquarters, Tribal and Regional Integrated Planning office.
- 1.2 The UPWP Guidance developed jointly by the State, FHWA, FTA, and the MPOs/RTPOs by December 31 each year will serve as a resource for developing the UPWPs. The UPWP Guidance includes key emphasis areas for work tasks to accomplish UPWP purposes.

- 1.3 The STATE will inform the RTPO of expected allocations of STATE RTPO funds and any other STATE-administered funds that are available to RTPOs by December 31 each year for the following State fiscal year, which is defined as July 1 to June 30 for all RTPOs. The STATE will inform the RTPO of expected allocations of State RTPO funds that are available to RTPOs by December 31 of even-numbered years for the following biennium. The RTPO will then prepare a draft UPWP and submit the draft to the STATE by the specific dates listed in the UPWP Guidance for RTPOs (UPWP Guidance).

The final UPWP shall be adopted by the RTPO and submitted to the STATE for approval prior to June 15, preceding the start of each subject state fiscal year (or biennium). The STATE shall notify the RTPO, in writing, of its approval of the UPWP for the subject fiscal year by June 30 of each year, unless otherwise noted in the UPWP Guidance. However, the RTPO may prepare a two-year UPWP if it desires. Written amendments to the UPWP may be required in order to authorize expenditures of all federal and state funding. Changes to the federal surface transportation act may also necessitate amendments to UPWPs approved by the RTPO Policy Board and the STATE.

- 1.4 The UPWP shall document all transportation and related planning activities for the ensuing state fiscal year, July 1 to June 30, unless otherwise noted in the UPWP Guidance. Each RTPO, in cooperation with the STATE and public transportation operator(s), shall develop a UPWP that includes a discussion of the planning priorities facing the RTPO. The UPWP shall identify work proposed for the next one- or two-year period by major activity and task, in sufficient detail to indicate whether the RTPO, STATE, public transportation operator(s), local government, consultant(s), or other identified Party, will perform the work, the schedule for completing the work, the resulting products, the proposed funding by activity/task, and a summary of the total amounts and sources of federal and matching funds. The RTPO shall perform the approved work tasks within the approved budget during the subject state fiscal year.
- 1.5 Should the Parties decide it is mutually beneficial for the STATE to perform specific work tasks identified in the UPWP, the Parties agree that the STATE may retain actual costs as documented in writing and approved by the RTPO.

2 Planning Standards and Guidelines

- 2.1 The RTPO shall comply with the most current Planning Standards and Guidelines developed by the STATE for the RTPO, RCW 47.80, and any amendments made thereto.

3 Payment

- 3.1 The STATE agrees to reimburse the RTPO's actual direct and related indirect costs of work approved as part of the UPWP. The maximum amount that the STATE shall reimburse the RTPO shall not exceed the total amount identified in funding authorization letters provided by the STATE, less any amounts retained by the STATE to cover costs for all agreed upon work performed by the STATE.
- 3.2 All indirect costs will be based on a cost allocation plan or indirect cost rate proposal that is approved by the RTPO Policy Board annually and maintained on file by the RTPO for audit purposes. If indirect costs are based on an approved cost allocation plan, the RTPO will provide a copy to TRIP annually, or when updated.
- 3.3 The RTPO may submit requests to the STATE for reimbursement of funds as they are expended on UPWP activities at any time, but not more frequently than one (1) such request every month.

Such requests for reimbursement shall document the amount of funds that have been expended during the UPWP period, as well as for the current billing period. The request for reimbursement shall contain sufficient detail to inform the STATE and any other entities providing funding for the work as to the progress on each work element contained in the UPWP. Requests for reimbursement should be submitted to TRCOFiscal@wsdot.wa.gov. The STATE shall review and approve each request for payment and shall reimburse the RTPOs no later than fifteen (15) business days after the date of receipt by the STATE.

4 Reports

- 4.1 The RTPO shall communicate with the STATE from time to time, or as often as required by the STATE, during the term of this Agreement to keep the STATE up to date about the progress of the work being performed as described in the UPWP. The STATE reserves the right to request interim written progress reports during the fiscal year, if the RTPO's monthly billing report is deemed insufficient in detail, the RTPO undergoes major structural changes, or there are changes to the RTPO's core organizational functions/activities. The interim reports are due to the STATE within twenty-one (21) calendar days of being notified in writing by the STATE. The interim reports shall include a summary of work progress during the course of the fiscal year, costs incurred in accordance with the approved UPWP and budget, and progress to date, including any problems or work delays. The STATE may delay reimbursement of billings if the requested interim reports are not submitted as specified.
- 4.2 On or before September 30 of every calendar year, unless otherwise noted in the UPWP Guidance, after the conclusion of each state fiscal year, the RTPO shall prepare and submit to the STATE a performance and expenditure report for the prior state fiscal year. This final report shall summarize work accomplished under the UPWP, costs incurred by work element, and identify any carryover of funds. Each annual performance and expenditure report must contain at a minimum:
 - a. Comparison of actual performance with established goals;
 - b. Progress in meeting schedules;
 - c. Status of expenditures in a format compatible with the work program, including a comparison of budgeted (approved) amounts and actual costs incurred;
 - d. Cost overruns or underruns;
 - e. Approved work program revisions; and
 - f. Other pertinent supporting data.
- 4.3 Reports as described in this section and other documentation or correspondence related to this Agreement should be sent via email to WSDOT's Tribal and Regional Integrated Planning Office at trpo@wsdot.wa.gov.

5 Assignment of Work Items

- 5.1 5.1 The work items may be accomplished by joint effort between the staff of the RTPO, the STATE, public transportation operator(s), and/or local government agencies. Such assignments will be clearly listed in the UPWP.

6 Project Records

- 6.1 6.1 The RTPO shall establish and maintain books, records, documents, and other evidence and accounting procedures and practice, sufficient to reflect properly all direct and indirect costs

of whatever nature incurred and anticipated to be incurred for the performance of this Agreement. To facilitate the administration of the RTPO, separate accounts shall be established and maintained within the RTPO's existing accounting system or an independent accounting system may be set up for all eligible costs. Costs in excess of the latest approved budget, or attributable to actions which have not received the written approval of the STATE, shall not be eligible for reimbursement. All costs charged to the RTPO, including any approved services contributed by the RTPO or others, shall be supported by executed payrolls, time records, invoices, contracts, or vouchers evidencing in proper detail the nature and propriety of the charges as the STATE deems appropriate.

7 Audits, Inspection, and Retention of Records

- 7.1 The STATE, the State Auditor, and/or any of their representatives, shall have full access to and the right to examine, during normal business hours and as often as they deem necessary, all RTPO records, paper and electronic, with respect to all matters covered by this Agreement. Such entities and their representatives shall be permitted to audit, examine, and make excerpts or transcripts from such records and to make copies of all contracts, invoices, materials, payrolls, and other matters covered by this Agreement. All documents, papers, accounting records, and other material pertaining to costs incurred in connection with this Agreement shall be retained by the RTPO for six (6) years from the date of final payment to facilitate any audits or inspections.
- 7.2 Furthermore, if any litigation, claim, or audit arising out of, in connection with, or related to this Agreement is initiated before the expiration of the six-year period, the cost records and accounts shall be retained until such litigation, claim, or audit is completed.
- 7.3 All RTPOs are subject to audits by the State Auditor's Office.

8 Modifications

- 8.1 Either Party may request changes to the provisions of this Agreement and to the UPWP that will be developed. Changes to the work scope and budget changes shall be made by written amendment to the UPWP by the RTPO and approved in writing by the STATE. Other changes to this Agreement which are mutually agreed upon shall be incorporated as written amendments to this Agreement. No variation or alteration of the terms of this Agreement shall be valid unless made in writing and signed by authorized representatives of the Parties hereto.

9 Termination

- 9.1 This Agreement expires on the End Date under Term of Agreement above. If it is determined to be in the best interests of the STATE, the STATE may terminate this Agreement upon giving thirty (30) calendar days' notice in writing to the RTPO. If this Agreement is terminated prior to fulfillment of the terms stated herein, the RTPO shall be reimbursed only for actual expenses and non-cancelable obligations, both direct and indirect, incurred to the date of termination as determined by the STATE. The STATE will work with the RTPO to determine what obligations are non-cancelable.

10 Travel

- 10.1 Current state travel rates shall apply to all in-state and out-of-state travel for which reimbursement is claimed during the term of this Agreement. Reimbursement of travel expenses is limited to travel necessary for the completion of the UPWP tasks. All travel by RTPOs using state funds is subject to state travel rules as outlined in the State Administrative & Accounting Manual (SAAM).

In addition, all travel by the RTPO must be in compliance with its own internal policies, those of the fiscal agent, or the State's policies, whichever is more restrictive.

11 Subcontracting and Equipment

- 11.1 The RTPO shall not assign, sublet, or transfer any of the work provided for under this Agreement without prior written approval from the STATE. The Tribal and Regional Integrated Planning Office in WSDOT's Multimodal Planning and Data Division shall have fourteen (14) calendar days to review and approve any RTPO consultant agreements prior to execution. The basis of review for proposed consultant agreements will be to ensure that the necessary terms and requirements have been incorporated into the agreement. The RTPO shall comply with all current state laws and regulations governing the selection and employment of consultants. Subcontracts for consultant services must contain all the required provisions of this Agreement to the extent applicable.
- 11.2 If any equipment is purchased under this Agreement, it shall be listed in the UPWP. All equipment must be purchased, managed, and disposed of in accordance with all current federal and state laws and regulations, and the nondiscrimination provisions of Section 15 of this Agreement. The procurement of all equipment must be used for the sole purpose of regional transportation planning activities. Requests related to this provision shall be emailed to trpo@wsdot.wa.gov.

12 Purchases

- 12.1 The RTPO shall make purchases of any equipment, material, incidental goods, or supplies, pursuant to this Agreement through procurement procedures approved in advance by the STATE. Any subcontractors hired by the RTPO shall follow the same procurement practices.

13 Personal Liability of Public Officers

- 13.1 No officer or employee of the STATE shall be personally liable for any acts or failure to act in connection with this Agreement, it being understood that in such matters they are acting solely as agents of the STATE.

14 Ethics

- 14.1 Code of Ethics. The RTPO agrees to maintain a written code or standard of conduct that shall govern the performance of its officers, employees, board members, or agents engaged in the award and administration of contracts supported by state assistance. The code or standard shall provide that RTPO officers, employees, board members, or agents may neither solicit nor accept gratuities, favors, or anything of monetary value from present or potential contractors or subrecipients. The MPO/ RTPO may set minimum rules where the financial interest is not substantial or the gift is an unsolicited item of nominal intrinsic value. The code or standard shall prohibit RTPO officers, employees, board members, or agents from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest or personal gain. As permitted by state or local laws or regulations, such codes or standards shall include penalties, sanctions, or other disciplinary actions for violations by RTPO officers, employees, board members, agents, or by subcontractors, subrecipients, or their agents.
- 14.2 Personal Conflict of Interest. RTPO codes or standards shall prohibit RTPO employees, officers, board members, or agents from participating in the selection, award, or administration of a contract supported by federal funds if a real or apparent conflict of interest would be involved.

Such a conflict would arise when any of the parties set forth below has a financial or other interest in the firm or entity selected for award:

- a. The employee, officer, board member, or agent of the RTPO;
- b. Any member of the immediate family, including any partner, of RTPO employees, officers,
- c. board members, or agents; and
- d. An organization that employs, or is about to employ, any of the above.

- 14.3 Organizational Conflict of Interest. The RTPO code or standard of conduct must include procedures for identifying and preventing real and apparent organizational conflicts of interests. An organizational conflict of interest exists when the nature of the work to be performed under a proposed third-party contract may, without some restrictions on future activities, result in an unfair competitive advantage to the third-party contractor or impair its objectivity in performing the contract work.
- 14.4 Bonus or Commission. The RTPO affirms that it has not paid, and agrees not to pay, any bonus or commission to obtain approval of its application for financial assistance.
- 14.5 Relationship with Employees and Officers of the STATE. The RTPO shall not extend any loan, gratuity, or gift of money in any form whatsoever to any employee or officer of the STATE, nor shall the RTPO rent or purchase any equipment and materials from any employee or officer of the STATE.
- 14.6 Restrictions on Lobbying. The RTPO agrees to refrain from using state assistance funds to support lobbying;
- 14.7 Employee Political Activity. To the extent applicable, the RTPO agrees to comply with the provisions of the Hatch Act of 1939, 5 U.S.C. §§ 1501 through 1508, 7324-7326, and Office of Personnel Management regulations, "Political Activity of State or Local Officers or Employees," 5 C.F.R. pt. 151. The Hatch Act of 1939 limits the political activities of state and local agencies and their officers and employees, whose principal employment activities are financed in whole or in part with federal funds including a loan, grant, or cooperative agreement. Nevertheless, in accordance with 23 U.S.C. § 142(g), the Hatch Act of 1939 does not apply to a nonsupervisory employee of a transit system (or of any other agency or entity performing related functions) receiving FTA assistance to whom the Hatch Act of 1939 does not otherwise apply.
- 14.8 False or Fraudulent Statements or Claims. The RTPO acknowledges and agrees that the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq., and USDOT regulations, Program Fraud Civil Remedies, 49 C.F.R. pt. 31, apply to its activities. Accordingly, by executing this Agreement the RTPO certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, or it may make in connection with the administration of the RTPO covered by this Agreement. In addition to other penalties that WSDOT reserves the right to impose on the RTPO, the RTPO also acknowledges that if it makes a false, fictitious, or fraudulent claim, statement, submission, or certification to WSDOT or the Federal Government, WSDOT and the Federal Government, each, reserves the right to impose the penalties of the Fraud Civil Remedies Act of 1986, as amended, on the RTPO to the extent either deems appropriate.

15 Compliance with Laws and Regulations

15.1 The RTPO agrees to abide by all applicable state and federal laws and regulations including but not limited to, those concerning employment, equal opportunity employment, nondiscrimination assurances, project record keeping necessary to evidence compliance with such federal and state laws and regulations, and retention of all such records. The RTPO will adhere to all applicable nondiscrimination provisions in chapter 49.60 RCW. Except when a federal statute or regulation preempts state or local law, no provision of the AGREEMENT shall require the RTPO to observe or enforce compliance with any provision, perform any other act, or do any other thing in contravention of state or local law. If any provision or compliance with any provision of this AGREEMENT violate state or local law, or would require the RTPO to violate state or local law, the RTPO agrees to notify WSDOT immediately in writing. Should this occur, WSDOT and the RTPO agree to make appropriate arrangements to proceed with or, if necessary, expeditiously, terminate the AGREEMENT.

16 Venue and Process

16.1 In the event that either PARTY deems it necessary to institute legal action or proceedings to enforce any right or obligation under this AGREEMENT, the PARTIES hereto agree that any such action shall be initiated in the Superior Court of the State of Washington situated in Thurston County. The PARTIES agree that the laws of the State of Washington shall apply.

17 Legal Relations

17.1 Each Party to this Agreement will protect, defend, indemnify, and save harmless the other Party, its officers, officials, employees, and agents, while acting within the scope of their employment as such, from any and all costs, claims, judgments, and/or awards of damages (both to persons and property), arising out of, or in any way resulting from, each Party's negligent acts or omissions with respect to the provisions of this Agreement. Neither Party will be required to indemnify, defend, or save harmless the other Party if the claim, suit, or action for injuries, death, or damages (both to persons and property) is caused by the sole negligence of the other Party. Where such claims, suits, or actions result from the concurrent negligence of the Parties, their agents, officials or employees, and/or involve those actions covered by RCW 4.24.115, the indemnity provisions provided herein will be valid and enforceable only to the extent of the negligence of the indemnifying Party, its agents, officials or employees.

17.2 Further, the RTPO specifically assumes potential liability for actions brought by RTPO's own employees or agents against the STATE and, solely for the purpose of this indemnification and defense, the RTPO specifically waives any immunity under State industrial insurance laws, Title 51 RCW. The provisions of this Section shall survive the termination of this Agreement.

18 Independent Contractor

18.1 The RTPO shall be deemed an independent contractor for all purposes and the employees of the RTPO or any of its contractors, subcontractors and the employees thereof, shall not in any manner be deemed to be employees of the STATE.

19 Liability

19.1 No liability shall attach to the STATE by reasons of entering this Agreement except as expressly provided herein.

20 Severability

20.1 If any covenant or provision in this Agreement shall be adjudged void, such adjudication shall not affect the validity, obligation, or performance of any other covenant or provision which in itself is valid, if such remainder would then continue to conform to the terms and requirements of applicable law and this Agreement.

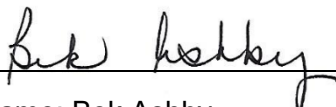

21 Disclosure of Agency Records

21.1 The RTPO understands and agrees that the Public Records Act, RCW 42.56 applies to the information and documents, both paper and electronic, submitted to the STATE. The RTPO should therefore be aware that all applications and materials submitted will become agency records and are subject to public release through individual public disclosure requests.

22 Authority to Sign

22.1 The undersigned acknowledges that they are authorized to execute this Agreement and bind their respective agencies to the obligations set forth herein.

IN WITNESS WHEREOF, the Parties have executed this Agreement as of the date signed last by the Parties below.

The purpose of this policy is to establish ethical standards to promote the public good and preserve the public trust in all matters addressed by the PRTPO.

The standards herein shall not preclude more stringent standards required by law and nothing herein shall be construed to limit full compliance with applicable federal and state laws and applicable rules and regulations governing the conduct of public officials now existing or hereinafter enacted.

Policy

All individuals acting for or on behalf of the PRTPO, whether through participation on the Executive Board, the Technical Advisory Committee, the Policy Board, any ad hoc committees of the PRTPO or otherwise, shall abide by the provisions of chapter 42.23 RCW. This includes but is not limited to the following restrictions:

1. No one may use his or her position to secure or attempt to secure special privileges or exemptions for himself, herself, or others, or take actions that would appear to do so.
2. No one may directly or indirectly give or receive, or agree to give or receive, any compensation, gift, reward, or gratuity from a source except the individual's employer, for a matter connected with or related to the PRTPO unless otherwise provided for by law.
3. No one may accept employment or engage in a business or professional activity that the individual might reasonably expect would require or induce him or her to disclose confidential information acquired by reason of his or her position with the PRTPO.
4. No one may disclose confidential information gained by reason of his or her position on the PRTPO, nor otherwise use such information for his or her personal gain or benefit.
5. No one may participate in the selection, award, or administration of a PRTPO contract if an actual, potential or perceived personal or organizational conflict of interest exists.
 - a. A personal conflict of interest shall be defined according to chapter 42.23 RCW.
 - b. An organizational conflict of interest exists when the nature of the work to be performed under contract may result in an unfair competitive advantage to the contractor or impair the contractor's objectivity in performing the work.

- c. Where an actual or potential conflict exists, the individual must identify the conflict and excuse him or herself from voting or taking any other action on the matter.

Any individual who violates these policies will be subject to discipline as determined by a majority vote of the Executive Board. Potential discipline may include, in addition to penalties and actions in RCW 42.23, verbal admonition, written reprimand, public censure, or legal action.

Procedure

1. If at any time an individual acting for or on behalf of the PRTPO has a question about the above provisions or how they should be applied to a specific action of the PRTPO, the individual should contact the PRTPO's legal counsel for guidance.
2. If legal guidance has been requested, legal counsel will review the question or concern and provide written guidance to the individual and the Chair of the PRTPO.
3. Any allegations of violation of this policy will be jointly reviewed by the Executive Committee and legal counsel. If the Executive Committee finds there to have been a violation of policy, the Executive Committee shall refer the matter to the Executive Board to consider discipline. Public Records Policy

Peninsula Regional Transportation Planning Organization

Policies and Procedures

3. PUBLIC RECORDS

The Peninsula Regional Transportation Planning Organization (Peninsula RTPO or PRTPO) seeks to conduct all of its work in an open and transparent nature. To help make sure the public has access to PRTPO records, the following Public Records Policy has been prepared as required by chapter 42.56 RCW.

Purpose

The purpose of this policy is to establish public records request and public record retention rules that ensure public access to information concerning the conduct of business by PRTPO. Chapter 42.56 RCW, the Public Records Act (“the act”), defines ‘public records’ to include any ‘writing containing information relating to the conduct of government or the performance of any governmental or propriety function prepared, owned, used, or retained’ by the organization, regardless of physical form or characteristics.

Policy

Public Records Requests

The Peninsula RTPO adopts the Public Records Act Rules of Procedure of Kitsap Transit, as the PRTPO lead planning agency. A copy of Kitsap Transit’s Public Records Act Rules is found on PRTPO’s “About Us” page, [insert document link when it is posted]. Kitsap Transit’s Public Records Officer will respond to any public records requests made of PRTPO.

Public Records Retention

Peninsula RTPO records are subject to the Local Government Common Records Retention Schedule and the Transit Authorities Records Retention Schedule as provided by the Washington Secretary of State. Kitsap Transit, as the PRTPO lead planning agency, will maintain and retain PRTPO records in accordance with the most recent of these schedules, as well as any other schedule applicable to a particular document.

Public Records Act Request Procedure

Any person wishing to make a public records request of PRTPO should follow the current instructions for contacting Kitsap Transit’s Public Records Officer, which is found on the Public Records Request page of Kitsap Transit’s website at <https://www.kitsaptransit.com/agency-resources/public-records-request> . Alternatively, a person may call Kitsap Transit at 360.377.2877 and ask for the Public Records Officer.

Within five business days following receipt of the request, Kitsap Transit will either provide the requested PRTPO records, acknowledge receipt of the request along with

an expected date the materials will be available, or provide a reason for denying the request. PRTPO records will be made available for viewing at Kitsap Transit's Administrative Office at 60 Washington Avenue, Suite 200 in Bremerton. Public records will be available for inspection and viewing during the Kitsap Transit customary office hours: Monday through Friday, 8:00AM to 4:00PM, excluding legal holidays. Records may also be available as copies mailed or sent via email. The fee for providing PRTPO records shall be at the prevailing cost charged by Kitsap Transit at the time of the request, payable at the time records are provided as per state statute.

Exemptions

The Public Records Act provides for certain classifications of records to be exempted from disclosure. All requests for viewing or copying of public records will be reviewed for compliance with current state statutes.

Procurement Policy

Peninsula Regional Transportation Planning Organization

Policies and Procedures

4. PROCUREMENT POLICY

Purpose

This policy is intended to direct PRTPO's purchases of goods and services. The procurement process is intended to be an open, fair, well documented, and competitive process.

Objectives

The objectives of PRTPO's procurement policy are as follows:

- Establish a uniform system to obtain supplies, materials, equipment and services in an efficient and timely manner;
- Maintain responsibility and accountability of public funds used by PRTPO;
- Ensure equal opportunity and competition among vendors and consultants;
- Support effective relationships and clear communication between PRTPO and its vendors and consultants; and
- Comply with the comprehensive state procurement statutes which govern expenditures of public funds.

Scope

This policy applies to purchases of:

- Supplies, materials and equipment that are not connected with a public work
- Non-professional services, including personal and purchased services
- Professional services

This policy does not apply to the acquisition, sale, lease, or other transfer or encumbrance of real property. This policy also does not apply to the procurement of a public work, as defined in RCW 39.04.010, or to those goods and services used in connection with a public work.

If grant funding is involved in the proposed purchase, applicable requirements should be obtained from the funding agency. Such requirements may be more restrictive than PRTPO's policy.

Policy

All purchases shall comply with applicable federal, state and local laws and regulations as well as with the following:

- PRTPO Bylaws;
- PRTPO Policies and Procedures;
- The Regional Transportation Planning Organization Agreement with the Washington State Department of Transportation (WSDOT);

- The applicable policies and procedures of the PRTPO Lead Planning Agency;
- The applicable policies and procedures of the PRTPO Lead Fiscal Agent.

Where any of the above differ or conflict, the more restrictive shall govern.

Code of Ethics

No employee, officer or agent of PRTPO shall participate in the selection, award or administration of a contract or authorization of a purchase if he or she would be beneficially interested, whether directly or indirectly or whether the interest is real or apparent, as provided in chapter 42.23 RCW.

Responsibilities

The Executive Board has primary responsibility and oversight for purchasing activities of PRTPO and has the authority to delegate purchasing responsibilities as appropriate. The Executive Committee will periodically review and evaluate the procurement procedures to ensure the best internal controls possible and will recommend changes as necessary.

Procedure

1. Determine Total Purchase

a. Use Anticipated Cost

The anticipated annual need for a good or service (when it can reasonably be projected) shall be used to determine the cost of that good or service, and thus which procurement method and related purchasing requirements shall apply.

b. No “Splitting”

Procurements shall not be divided to artificially create a lower total cost to avoid a particular procurement method or purchasing requirement. If one item being purchased requires another item to “make a whole”, the total accumulated costs of the two items (when they can reasonably be projected) should be considered together to determine which procurement method is applicable. If the two items are not available from a single supplier, this prohibition shall not apply.

c. Costs to Include

The total cost shall include all taxes, freight, installation, and other similar charges when determining which cost threshold and related purchasing requirements apply.

d. Include Total Quantity Needed

The total quantity of a needed item (when it can reasonably be projected) shall be considered when determining which cost threshold and related purchasing requirements apply.

e. Multiphase Programs

If a project is to be completed in phases, the total accumulated cost for all

phases shall be considered when determining which cost threshold and related purchasing requirements apply.

2. Procurement Approval and Method

A PRTPO Purchase Request Form (Attachment A) must be completed for all purchases and included with invoice documentation. Procurements must be covered by budget appropriations approved by the PRTPO's Executive Board in the most current year Unified Planning Work Program (UPWP). Procurements requiring additional appropriations must also be approved by the Executive Board. All purchases shall be documented and invoiced in accordance with PRTPO's Planning Invoice Reimbursement policy.

One of the following methods of procurement must be used:

a. Micro Purchases - Less than \$7,500

Micro purchases cover the acquisition of materials, supplies, or equipment, or the acquisition of non-professional services when the aggregate annual dollar amount is less than \$7,500. Micro-purchases do not require any formal competitive solicitation, but reasonable efforts should be made to receive the best price possible by obtaining informal cost information from three potential vendors before making a final determination. Purchase approval may be made by the head of the Lead Planning Agency or by the head of the Lead Fiscal Agency for micro purchases that directly support their respective responsibilities in administering PRTPO, or by a majority of the Executive Board to support PRTPO program needs.

b. Small Material Purchases - \$7,500 to \$15,000

Small material purchases cover the acquisition of materials, supplies and equipment when the aggregate annual dollar amount is \$7,500 or more up to and including \$15,000. Small material purchases shall be processed through a competitive solicitation process whereby a minimum of three (3) price or rate quotes are solicited from vendors who can reasonably be expected to provide the required goods and/or services. The quotes must be documented on a Purchase Request Form and approved by a majority of Executive Board members prior to execution of the procurement. The procurement shall be awarded to the lowest responsive and responsible offeror, based on the responsibility criteria in RCW 39.04.350 or any supplemental criteria adopted pursuant thereto.

c. Small Service Purchases - \$7,500 to \$50,000

Small service purchases cover acquisition of non-professional services when the aggregate annual dollar amount is \$7,500 or more up to and including \$50,000. Small service purchases shall be processed through a competitive solicitation process whereby a minimum of three (3) price or rate quotes are solicited from vendors who can reasonably be expected to provide the required services. The quotes must be documented on a Purchase Request Form and approved by a

majority of the Executive Board members prior to execution of the procurement. The procurement shall be awarded to vendor who provides the best quality and price available.

d. Competitive Proposals – material purchases greater than \$15,000 and service purchases greater than \$50,000

Purchases of materials, supplies or equipment resulting in an aggregate annual dollar amount of greater than \$15,000 and purchases of non-professional services greater than \$50,000 shall be procured using one of the following methods:

Request for Proposals (RFP)

RFPs are to be used to solicit solutions for a defined scope of work or project presented by the PRTPO. An RFP should identify criteria to evaluate and rank proposals and ask for a description of how the scope of work is to be accomplished, past experience in providing similar work, the cost of providing the work, a schedule of providing the work and any deliverables, and the identification of key personnel to be used along with their qualifications and availability.

Responses to an RFP are to be evaluated by a review committee based upon the criteria identified in the RFP. Where not prohibited by law, this method can also provide for limited negotiation of terms and conditions of the proposal, including price, before the award. An award will be made to the vendor whose proposal is determined to be the most advantageous to PRTPO.

Request for Qualifications (RFQ)

RFQs are to be used when seeking non-professional services that warrant the consideration and evaluation of the vendor based on demonstrated competency and qualification rather than price. An RFQ should identify criteria to evaluate and rank qualifications and ask for a consultant's general capabilities, list of principals, previous projects, number of employees, and relevant licenses.

Responses to an RFQ are to be evaluated by a review committee based upon the criteria identified in the RFQ, which may include cost when allowed by law. Once a qualified consultant is selected, the PRTPO shall negotiate with the vendor on price and other terms and conditions. An award will be made to the consultant deemed to be the best qualified so long as an agreement is reached on all other terms, including cost, scope and schedule.

The following requirements apply to all competitive RFP and RFQ procurement methods:

- All RFP/Qs must be approved by a majority of the Executive Committee;
- The RFP/Q must be publicized in accordance with the applicable law that is the most restrictive;
- The RFP/Q must identify all evaluation factors and their relative

importance, and that only complete and timely submittals will be considered;

- Publication of the RFP/Q will be made in the paper of record, posted on the PRTPO website, and distributed to known groups that could respond in an effort to obtain proposals from multiple qualified resources;
- A method shall be established for conducting technical evaluations of the proposals and qualifications received as part of the development of the RFP/Q;
- WSDOT shall be afforded the opportunity to serve on any review committee for consultant services;
- For RFPs involving the procurement of services, the proposal most advantageous to the PRTPO will be selected, even when the preferred proposal is not the lowest-priced;
- For RFQs, competitors' qualifications will be evaluated, and the most qualified competitor will be selected, subject to negotiation of fair and reasonable compensation;
- Approval of all competitive awards will be made by a majority of the Executive Board; and
- Following approval by the Executive Board, the head of the Lead Planning Agency or the Chair of the PRTPO Executive Board are authorized to sign all contracts.

e. Noncompetitive Proposals

Procurement through solicitation without competitive requirements may be used when at least one of the following applies:

- The item is clearly and legitimately available only from a single source;
- An emergency exists, as defined herein, provided that the procedures in RCW 39.04.280 are followed for the purchase of materials, supplies or equipment, that the procedures in RCW 53.19.030 are followed for the purchase of non-professional services, and RCW 39.80.060 is followed for the purchase of professional services;
- Noncompetitive negotiations are specifically authorized in a grant; or
- After solicitation of at least two (2) sources, competition is determined to be infeasible.

For all noncompetitive proposals, purchase approval must be made by a majority of the Executive Board members.

f. Other Government or Cooperative Contracts

Competition is not required when purchases of supplies, services or equipment are made through competitively secured contracts executed by other government agencies or bona fide cooperative purchasing agreements, such as purchases of telephone service, software and computer equipment through vendor contracts negotiated by the State of Washington. Purchase approval is made by a majority of the Executive Board members.

g. Intergovernmental Purchasing

Services provided by qualified public sector agencies through intergovernmental agreements with any governmental entity, whether federal, state or local, shall be exempt from the competitive solicitation requirements. Purchase approval is made by a majority of the Executive Board members.

h. Architectural and Engineering Services

The requirements outlined in RCW 39.80 must be followed to procure professional architectural or engineering services. Purchase approval is made by a majority of the Executive Board members.

i. Electronic data processing and telecommunication systems

The competitive negotiation requirements outlined in RCW 39.04.270 may be used for the purchase and installation of electronic data processing (e.g., computer) and telecommunication equipment, software or services. Purchase approval is made by a majority of the Executive Board members.

3. Contracts

a. Templates

To the extent possible, contracts for the purchase of materials, supplies, equipment, or services, whether professional or non-professional, shall use PRTPO contract templates.

b. Mandatory terms

All contracts must comply with terms required by the most recent Regional Transportation Planning Organization Agreement with WSDOT. When state funds are used to secure consultant services, provisions substantially similar to those set forth in Attachment B must be incorporated into the contract. When federal funds are used to secure services or materials, provisions substantially similar to those set forth in Attachment C must be incorporated into the contract. These attachments shall be updated when modified by the Regional Transportation Planning Organization Agreement with WSDOT.

c. WSDOT Approval

WSDOT shall review and approve any consultant services agreement prior to execution.

d. PRTPO Authorization

The PRTPO Executive Board shall review the contract and supporting procurement documentation prior to authorizing the Chair to execute any contract for services.

4. Procurement limitations

a. Equipment

Any equipment to be purchased shall first be listed in the Unified Planning Work Program (UPWP) and must be purchased, managed and disposed of in accordance with all current federal and state laws and regulations. All purchased equipment may only be used for the sole purpose of regional transportation planning activities and upon completion of the work, the equipment shall become property of the state when using state funds.

b. Nondiscrimination

UPWP Development Policy

Peninsula Regional Transportation Planning Organization

Policies and Procedures

5. UPWP DEVELOPMENT POLICY

Purpose

This policy outlines how PRTPO will develop and amend its annual work program and budget, hereinafter referred to as its Unified Planning Work Program (UPWP). Developing and managing a UPWP is a requirement of Regional Transportation Planning Organizations (RTPO) to fulfill terms of their Regional Transportation Planning Organization Agreement, also known as the funding agreement, with the Washington State Department of Transportation (WSDOT). The UPWP is the framework the Executive Board uses to conduct its regional transportation planning process.

Objectives

Objectives of PRTPO's UPWP Development Policy are to:

- Maintain responsible and transparent use of public funds awarded to PRTPO for the purposes of regional transportation planning
- Articulate how PRTPO will develop and amend its UPWP
- Establish clear direction and budget guidance for Lead Planning Agency (LPA) and Fiscal Agency (FA) representatives in carrying out PRTPO's approved work program
- Ensure effective and accountable program management that achieves PRTPO's policy objectives within its existing resources while fulfilling all state requirements

Policy

PRTPO will develop and maintain a Unified Planning Work Program (UPWP) that satisfies all requirements of its funding agreement with WSDOT, as directed by WSDOT's Tribal and Integrated Regional Planning Office.

It is PRTPO's policy to adopt a two-year UPWP at the start of a new biennium and to manage it on an on-going basis. At a minimum, PRTPO will conduct a review and Annual Amendment of the UPWP midway through the biennium.

All funds received by PRTPO for regional planning, regardless of source, will be included in the UPWP with a description of the work to be accomplished. PRTPO will only undertake work included in its adopted UPWP. It will amend the UPWP if necessary to reflect approved changes to the adopted work program.

Procedures

These procedures describe how PRTPO will develop a two-year UPWP and Annual Amendment.

1. The PRTPO Executive Committee, in consultation with the LPA and FA, will review UPWP guidance distributed by WSDOT in December of even numbered years as well as the funds

available for purposes of regional planning during the next biennium. This review extends to any other funds secured by PRTPO for specific work. The purpose of the review is to establish a general framework for UPWP development for the Executive Board to consider at its first meeting of the calendar year.

2. The Executive Board will receive an overview in February from the PRTPO Coordinator outlining work program requirements and revenue resources for the ensuing biennium or funding period. The Board will identify potential opportunities for other regional planning activities in the event resources are available during the biennium. The Executive Board will provide direction to the PRTPO Coordinator in the development of a draft UPWP for review.
3. The PRTPO Coordinator will develop a draft UPWP incorporating Executive Board direction and that satisfies requirements of WSDOT's RTPO funding agreement and reflects its annual guidance. The draft UPWP will document the proposed scope of work and associated budget and revenues for the Executive Board to review in April.
4. To the extent practicable, the Executive Board will review and refine the draft UPWP prior to its submittal to WSDOT for review. Representatives of the Executive Committee, the LPA, and/or the FA will participate in an annual review of the draft UPWP with WSDOT.
5. The Executive Board will receive a final draft UPWP for review and adoption by resolution in June. The final adopted UPWP will be transmitted to WSDOT by the LPA. Adoption of the UPWP authorizes the PRTPO Chair, LPA, and FA to execute all necessary funding agreements and reimbursements with WSDOT necessary to carry out the adopted UPWP.
6. PRTPO will repeat Procedures 1-5 during alternate years to produce an Annual Amendment to the UPWP adjusted to the needs and budget of Year 2 of the biennium.

From time to time, PRTPO will need to amend the UPWP outside of the development and Annual Amendment process. This may be to address changes in work program priorities, to reallocate funds between tasks, or to add additional work and revenue to the UPWP. These procedures describe how PRTPO will amend the UPWP on an as-needed basis.

7. The Executive Board will receive a briefing from the PRTPO Coordinator on the need for an amendment and will review the proposed changes, making any revisions deemed necessary.
8. To the extent practicable, the Executive Board will receive a draft of the proposed amendment at its subsequent meeting for adoption by resolution. The final amended UPWP will be transmitted to WSDOT by the LPA. Adoption of the amended UPWP authorizes the PRTPO Chair, LPA, and FA to execute all necessary funding agreements and reimbursements with WSDOT necessary to carry out the amended UPWP.
9. In the event of unforeseen circumstances that necessitate a faster amendment process, the PRTPO Coordinator will work with the Executive Committee to review the proposed changes and obtain its recommendation that the Executive Board take action upon its first reading of the proposed amendment instead of deferring action to a second meeting.

RCW 47.80.010

Findings—Declaration.

The legislature finds that while the transportation system in Washington is owned and operated by numerous public jurisdictions, it should function as one interconnected and coordinated system. Transportation planning, at all jurisdictional levels, should be coordinated with local comprehensive plans. Further, local jurisdictions and the state should cooperate to achieve both statewide and local transportation goals. To facilitate this coordination and cooperation among state and local jurisdictions, the legislature declares it to be in the state's interest to establish a coordinated planning program for regional transportation systems and facilities throughout the state.

[1990 1st ex.s. c 17 § 53.]

RCW 47.80.011

Legislative intent.

The legislature recognizes that recent legislative enactments have significantly added to the complexity of and to the potential for benefits from integrated transportation and comprehensive planning and that there is currently a unique opportunity for integration of local comprehensive plans and regional goals with state and local transportation programs. Further, approaches to transportation demand

management initiatives and local and state transportation funding can be better coordinated to insure an efficient, effective transportation system that insures mobility and accessibility, and addresses community needs.

The legislature further finds that transportation and land use share a critical relationship that policymakers can better utilize to address regional strategies.

Prudent and cost-effective investment by the state and by local governments in highway facilities, local streets and arterials, rail facilities, marine facilities, nonmotorized transportation facilities and systems, public transit systems, transportation system management, transportation demand management, and the development of high capacity transit systems can help to effectively address mobility needs. Such investment can also enhance local and state objectives for effective comprehensive planning, economic development strategies, and clean air policies.

The legislature finds that addressing public initiatives regarding transportation and comprehensive planning necessitates an innovative approach. Improved integration between transportation and comprehensive planning among public institutions, particularly in the state's largest metropolitan areas is considered by the state to be imperative, and to have significant benefit to the citizens of Washington.

[1994 c 158 § 1.]

RCW 47.80.020

Regional transportation planning organizations authorized.

Each organization shall:

- (1) Encompass at least one complete county;
- (2)(a) Have a population of at least one hundred thousand, (b) have a population of at least seventy-five thousand and contain a Washington state ferries terminal, (c) have a population of at least forty thousand and cover a geographic area of at least five thousand square miles, or (d) contain a minimum of three counties; and
- (3) Have as members all counties within the region, and at least sixty percent of the cities and towns within the region representing a minimum of seventy-five percent of the cities' and towns' population.

The state department of transportation must verify that each regional transportation planning organization conforms with the requirements of this section.

In urbanized areas, the regional transportation planning organization is the same as the metropolitan planning organization designated for federal transportation planning purposes.

Comprehensive plans, transportation guidelines, and principles.

Each regional transportation planning organization, with cooperation from component cities, towns, and counties, shall establish guidelines and principles by July 1, 1995, that provide specific direction for the development and evaluation of the transportation elements of comprehensive plans, where such plans exist, and to assure that state, regional, and local goals for the development of transportation systems are met. These guidelines and principles shall address at a minimum the relationship between transportation systems and the following factors: Concentration of economic activity, residential density, development corridors and urban design that, where appropriate, supports high capacity transit, freight transportation and port access, development patterns that promote pedestrian and nonmotorized transportation, circulation systems, access to regional systems, effective and efficient highway systems, the ability of transportation facilities and programs to retain existing and attract new jobs and private investment and to accommodate growth in demand, transportation demand management, joint and mixed use developments, present and future railroad right-of-way corridor utilization, and intermodal connections.

Examples shall be published by the organization to assist local governments in interpreting and explaining the requirements of this section.

[1994 c 158 § 3.]

RCW 47.80.030

Regional transportation plan—Contents, review, use.

(1) Each regional transportation planning organization shall develop in cooperation with the department of transportation, providers of public transportation and high capacity transportation, ports, and local governments within the region, adopt, and periodically update a regional transportation plan that:

(a) Is based on a least cost planning methodology that identifies the most cost-effective facilities, services, and programs;

(b) Identifies existing or planned transportation facilities, services, and programs, including but not limited to major roadways including state highways and regional arterials, transit and nonmotorized services and facilities, multimodal and intermodal facilities, marine ports and airports, railroads, and noncapital programs including transportation demand management that should function as an integrated regional transportation system, giving emphasis to those facilities, services, and programs that exhibit one or more of the following characteristics:

(i) Crosses member county lines;

(ii) Is or will be used by a significant number of people who live or work outside the county in which the facility, service, or project is located;

(iii) Significant impacts are expected to be felt in more than one county;

(iv) Potentially adverse impacts of the facility, service, program, or project can be better avoided or mitigated through adherence to regional policies;

(v) Transportation needs addressed by a project have been identified by the regional transportation planning process and the remedy is deemed to have regional significance; and

(vi) Provides for system continuity;

(c) Establishes level of service standards for state highways and state ferry routes, with the exception of transportation facilities of statewide significance as defined in RCW **47.06.140**. These regionally established level of service standards for state highways and state ferries shall be developed jointly with the department of transportation, to encourage consistency across jurisdictions. In establishing level of service standards for state highways and state ferries, consideration shall be given for the necessary balance between providing for the free interjurisdictional movement of people and goods and the needs of local commuters using state facilities;

(d) Includes a financial plan demonstrating how the regional transportation plan can be implemented, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques to finance needed facilities, services, and programs;

(e) Assesses regional development patterns, capital investment and other measures necessary to:

(i) Ensure the preservation of the existing regional transportation system, including requirements for operational improvements, resurfacing, restoration, and rehabilitation of existing and future major roadways, as well as operations, maintenance, modernization, and rehabilitation of existing and future transit, railroad systems and corridors, and nonmotorized facilities; and

(ii) Make the most efficient use of existing transportation facilities to relieve vehicular congestion and maximize the mobility of people and goods;

(f) Sets forth a proposed regional transportation approach, including capital investments, service improvements, programs, and transportation demand management measures to guide the development of the integrated, multimodal regional transportation system. For regional growth centers, the approach must address transportation concurrency strategies required under RCW **36.70A.070** and include a measurement of vehicle level of service for off-peak periods and total multimodal capacity for peak periods; and

(g) Where appropriate, sets forth the relationship of high capacity transportation providers and other public transit providers with regard to responsibility for, and the coordination between, services and facilities.

(2) The organization shall review the regional transportation plan biennially for currency and forward the adopted plan along with documentation of the biennial review to the state department of transportation.

(3) All transportation projects, programs, and transportation demand management measures within the region that have an impact upon regional facilities or services must be consistent with the plan and with the adopted regional growth and transportation strategies.

Regional transportation planning organizations—Electric vehicle infrastructure.

(1) A regional transportation planning organization containing any county with a population in excess of one million in collaboration with representatives from the department of ecology, the department of commerce, local governments, and the office of regulatory assistance must seek federal or private funding for the planning for, deployment of, or regulations concerning electric vehicle infrastructure. These efforts should include:

(a) Development of short-term and long-term plans outlining how state, regional, and local government construction may include electric vehicle infrastructure in publicly available off-street parking and government fleet vehicle parking, including what ratios of charge spots to parking may be appropriate based on location or type of facility or building;

(b) Consultations with the state building code council and the department of labor and industries to coordinate the plans with state standards for new residential, commercial, and industrial buildings to ensure that the appropriate electric circuitry is installed to support electric vehicle infrastructure;

(c) Consultation with the workforce development council and the student achievement council to ensure the development of appropriate educational and training opportunities for citizens of the state in support of the transition of some portion of vehicular transportation from combustion to electric vehicles;

(d) Development of an implementation plan for counties with a population greater than five hundred thousand with the goal of having public and private parking spaces, in the aggregate, be ten percent electric vehicle ready by December 31, 2018; and

(e) Development of model ordinances and guidance for local governments for siting and installing electric vehicle infrastructure, in particular battery charging stations, and appropriate handling, recycling, and storage of electric vehicle batteries and equipment.

(2) These plans and any recommendations developed as a result of the consultations required by this section must be submitted to the legislature by December 31, 2010, or as soon as reasonably practicable after the securing of any federal or private funding. Priority will be given to the activities in subsection (1)(e) of this section and any ordinances or guidance that is developed will be submitted to the legislature, the department of commerce, and affected local governments prior to December 31, 2010, if completed.

(3) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

(c) "Electric vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support an electric vehicle, including battery charging stations, rapid charging stations, and battery exchange stations.

(d) "Rapid charging station" means an industrial grade electrical outlet that allows for faster recharging of electric vehicle batteries through higher power levels, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540.

Finding—Purpose—2009 c 459: "The legislature finds the development of electric vehicle infrastructure to be a critical step in creating jobs, fostering economic growth, reducing greenhouse gas emissions, reducing our reliance on foreign fuels, and reducing the pollution of Puget Sound attributable

to the operation of petroleum-based vehicles on streets and highways. Limited driving distance between battery charges is a fundamental disadvantage and obstacle to broad consumer adoption of vehicles powered by electricity. In order to eliminate this fundamental disadvantage and dramatically increase consumer acceptance and usage of electric vehicles, it is essential that an infrastructure of convenient electric vehicle charging opportunities be developed. The purpose of this act is to encourage the transition to electric vehicle use and to expedite the establishment of a convenient, cost-effective, electric vehicle infrastructure that such a transition necessitates. The state's success in encouraging this transition will serve as an economic stimulus to the creation of short-term and long-term jobs as the entire automobile industry and its associated direct and indirect jobs transform over time from combustion to electric vehicles." 468-86-010**Authority.**

The regional transportation planning program was authorized by the 1990 legislature as part of the state's Growth Management Act. The program is contained in chapter **47.80** RCW, with funding appropriations made as part of the Department of Transportation Appropriations Act.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-010, filed 4/15/97, effective 5/16/97.]

468-86-020**Purpose/intent.**

(1) The regional transportation planning program creates a formal mechanism for local governments and the state to coordinate transportation planning for regional transportation facilities. The act authorized the creation of regional transportation planning organizations (RTPO) by local governments to coordinate transportation planning among jurisdictions and develop a regional transportation plan. The regional transportation planning program is available to all counties and cities statewide (RCW **47.80.020**).

(2) The legislature has authorized a grant program to fund this work. The department has the authority to administer this grant program, and to develop in cooperation with the RTPOs:

(a) Minimum planning standards for the development of a regional transportation plan;

(b) The RTPO regional transportation improvement program;

(c) Planning guidelines and principles;

(d) Certification standards for the transportation portion of local comprehensive plans and county-wide planning policies;

(e) The adoption of LOS standards on state transportation facilities; and

(f) RTPO regional transportation strategies.

(3) The purpose of the minimum planning standards is to guide RTPOs in the use of the regional transportation planning grants, and in the development of planning products under the program. Work proposed by each regional transportation planning organization shall be included in a work program that demonstrates adherence to the planning standards within this chapter. The intent of the department is to provide guidance that is sufficient to ensure a minimum level of consistency across the state, while providing flexibility for regions to meet specific mobility needs.

(4) The department will achieve this purpose through the establishment of these rules and through the cooperative development and maintenance of a set of RTPO planning standards and guidelines. Copies of these standards and guidelines will be available through the department's transportation planning office.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-020, filed 4/15/97, effective 5/16/97.]

468-86-030**Definitions.**

"Consistency" means that no feature of a plan or regulation is incompatible with any other feature of a plan or regulation. Consistency is indicative of a capacity for orderly integration or operation with other elements in a system.

"Department" means the department of transportation (WSDOT).

"Least cost planning" means a process of comparing direct and indirect costs of demand and supply options to meet transportation goals and/or policies where the intent of the process is to identify the most cost-effective mix of options.

"Level of service" means an established minimum capacity for both transit and regional arterials that must be provided per unit of demand or other appropriate measure of need.

"Organization" means regional transportation planning organization (RTPO).

"Region" means the area that includes the local jurisdictions that comprise the regional transportation planning organization.

"Urbanized area" means those areas designated as such by the U.S. Bureau of the Census.

"Urban growth areas" means those areas designated by a county pursuant to RCW **36.70A.110**.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-030, filed 4/15/97, effective 5/16/97.]

468-86-040**Determining the region.**

Local governments should decide the geographic extent and composition of their region. The region should reflect common transportation concerns and a willingness among the local governments to work together in a cooperative planning process.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-040, filed 4/15/97, effective 5/16/97.]

468-86-050**Establishing the organization.**

(1) A regional transportation planning organization is a voluntary association of local governments within the region. It shall be a formal organization formed through an interlocal agreement that establishes the organization, defines duties and relationships, and includes a transportation policy board. The establishment of a technical advisory committee (TAC) is recommended. The RTPO must determine its own structure to ensure equitable and acceptable representation by member governments. Regions are encouraged to seek Native American tribal involvement.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-050, filed 4/15/97, effective 5/16/97.]

468-86-060**Relationship to MPOs.**

The federal government requires a regional transportation planning process in urbanized areas with over fifty thousand population. This process is carried out by metropolitan planning organizations (MPOs) that have been jointly designated by local governments and the state. The intent is that the regional transportation planning program be integrated with the metropolitan planning organization program in these urbanized areas. RCW **47.80.020** requires that RTPOs shall be the same organization as that designated as the MPO. The regional transportation planning program provides the opportunity for transportation planning in rural areas within the RTPO. The department intends to jointly administer these two programs.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-060, filed 4/15/97, effective 5/16/97.]

468-86-070**Designation procedures.**

(1) Local governments desiring participation in the regional transportation planning program must submit an RTPO designation package to WSDOT. This information is necessary for WSDOT to verify that the RTPO meets the requirements of RCW **47.80.020**. This package shall contain the following items:

- (a) A description of the region;
- (b) A formal designation of the RTPO, in the form of a resolution or other legal declaration;
- (c) A list of all RTPO member local governments;
- (d) A copy of the interlocal agreement that will govern RTPO operations;
- (e) A formal designation by the RTPO of the lead planning agency; and
- (f) A description of the RTPO's transportation policy board.

(2) WSDOT has the responsibility of verifying that RTPOs designated by local governments meet the state requirements. The most recent annual OFM population data will be used to verify population figures. WSDOT will review the RTPO designation package, make a finding of verification, and concur with or deny the local designation. Once verified, the RTPO may proceed in carrying out its duties and may receive regional transportation planning formula grants. If significant changes are made in the structure of the RTPO, WSDOT may request that another designation package be submitted for verification review.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-070, filed 4/15/97, effective 5/16/97.]

468-86-080

Least-cost planning methodology.

The methodology shall consider direct and indirect costs and benefits for all reasonable options to meet planning goals and objectives. The methodology shall treat demand and supply resources on a consistent and integrated basis. The regional transportation planning organizations shall consult the guidelines set forth by the department for implementing a least-cost planning methodology. Regional transportation plans should incrementally incorporate least-cost planning methodologies as these concepts are developed. The regional transportation plan adopted after July 1, 2000, shall be based on a least-cost planning methodology appropriate to the region.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-080, filed 4/15/97, effective 5/16/97.]

468-86-090

Regional transportation goals and objectives.

The regional transportation planning program is meant to foster an ongoing transportation planning and decision-making process that actively plans for the improvement of regional transportation systems and coordinates this process among jurisdictions. The goals and objectives of the regional transportation plan should incorporate existing transportation related county-wide planning policies or multicounty transportation related planning policies where adopted and adhere to the following principles:

- (1) Build upon applicable portions of the existing local comprehensive plan and process and promote the establishment of a regional perspective into the local comprehensive plan;
- (2) Encourage partnerships between federal, state, local and tribal governments, special districts, the private sector, the general public, and other interest groups during conception, technical analysis, policy development, and decision processes in developing, updating, and maintaining the regional transportation plan;
- (3) Ensure early and continuous public involvement from conceptual planning through decision making;
- (4) Shall be ongoing, and incorporate short and long range multimodal planning activities to address major capacity expansion and operational improvements to the regional transportation system;
- (5) Use regionally coordinated, valid and consistent technical methods and data should be used in identifying and analyzing needs;
- (6) Consider environmental impacts related to the development of regional transportation policies and facilities and;
- (7) Address the policies regarding the coordination of transportation planning among regional jurisdictions, including the relationship between regional transportation planning, local comprehensive planning and state transportation planning.

Within these principles, regions shall develop their own ongoing planning process for the development and refinement of the regional transportation plan, and provide a forum for the discussion of regional transportation planning issues.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-090, filed 4/15/97, effective 5/16/97.]

468-86-100

Regional transportation strategy.

Each regional transportation planning organization shall develop a regional transportation strategy. The strategy should identify alternative transportation modes within the region and recommend policies to:

- (1) Address each transportation mode;
- (2) Address intermodal connections between modes; and
- (3) Address transportation demand management where required.

The regional transportation strategy is intended to guide development of the regional transportation plan and any periodic updates.

Adopted multicounty and county-wide planning policies and policies from local comprehensive plans that are regional in scope and regionally consistent should provide the basis for the regional transportation strategy. The regional transportation strategy should be periodically reviewed and updated as necessary to reflect changing priorities or to maintain regional consistency.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-100, filed 4/15/97, effective 5/16/97.]

468-86-110

Needs, deficiencies, data requirements, and coordinated regional transportation and land use assumptions.

(1) The following components shall be developed and incorporated in the RTP:

- (a) An inventory of existing regional transportation facilities and services, including physical, operational, and usage characteristics of the regional transportation system;
- (b) An evaluation of current facilities and services, comparing current usage, and operational characteristics to level of service standards, and identification of regional transportation needs;
- (c) Forecasts of future travel demand, based on the regional transportation strategy and local comprehensive plans;
- (d) Identification of future regional transportation system deficiencies, comparing future travel needs for movement of people and goods to available facilities and services; and
- (e) Coordinated common regional assumptions (growth, population, employment, mode split, etc.,) among local jurisdictions for the development of all transportation models to ensure consistency within the RTPO, and:

(i) These common regional assumptions shall recognize the planning requirements of the state's Growth Management Act, and;

(ii) Be consistent with population forecasts prepared by the office of financial management.

(2) **Performance monitoring.** An integral part of the regional transportation plan is monitoring the performance of the regional transportation system over time. This information is necessary to determine the success of plan implementation and the effect of the desired improvements on the performance of the regional transportation system. Each RTPO shall describe their performance monitoring system in the regional transportation plan. The performance monitoring measures shall include traffic volumes and vehicle miles of travel (VMT) at a minimum and can include, but are not limited to, travel time, speed, safety standards and other measures. Performance monitoring measures should be coordinated and measurable on a consistent basis throughout the RTPO.

(3) **Regional development patterns and investments.** The regional transportation plan shall include a general assessment of regional development patterns and investments. This analysis is intended to provide

direction and background information for updates of the regional transportation plan. The RTP updates shall be based upon a general retrospective discussion of current land use and transportation patterns and their relationship to the region's goals and objectives and elsewhere in the regional transportation plan. Current and projected development patterns and the expected magnitudes and time frame in which these developments are expected to occur should be reviewed and evaluated against the regional growth and transportation strategies. If the regional growth and transportation strategies have changed or current and projected development can be shown to be inconsistent, the plan should be updated to reflect these changes, or development policies should be updated to assure consistency and continuity of transportation and land use issues within the region. The region's interrelationships between growth and transportation should be discussed along with strategies such as access control, development of heritage corridors, and other measures designed to maintain current and proposed development patterns consistent with the regional transportation plan and the transportation and land use elements of local comprehensive plans.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-110, filed 4/15/97, effective 5/16/97.]

468-86-120

Financial component.

The financial component shall include the following:

- (1) An analysis of funding capacity including an inventory of revenue sources for regional transportation improvements, and probable funding levels available for regional transportation improvements from each source;
- (2) Probable funding comparisons with identified current and future needs, including identified funding shortfalls; and
- (3) If funding shortfalls are identified, an analysis of additional funding resources to make up the shortfall, or a reassessment of the regional transportation strategies, at a minimum, to ensure that transportation needs fall within probable funding levels.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-120, filed 4/15/97, effective 5/16/97.]

468-86-130

Proposed future transportation network.

Based upon the identified needs and probable funding levels within the region, the proposed future transportation network defines specific facility or service improvements, transportation system management strategies, and demand management strategies proposed for implementation on the regional transportation system. The plan shall identify priority levels for these improvements to guide local jurisdictions and the state in implementation and development of the regional transportation improvement program.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-130, filed 4/15/97, effective 5/16/97.]

468-86-140

High capacity transit and public transportation interrelationships.

Within those RTPOs where there is an existing or proposed high capacity transit system, the regional transportation plan shall discuss the relationship between the high capacity transit system and conventional

public transit system. This could include policies to maintain coordinated arrivals and departures of interconnecting routes, coordination with other multimodal transportation centers, and other strategies targeted at improving these intermodal relationships over time.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-140, filed 4/15/97, effective 5/16/97.]

468-86-150

Certification.

(1) By December 31, 1996, each RTPO shall certify, that the transportation element of all comprehensive plans for cities and counties planning under the Growth Management Act:

- (a) Reflect the transportation guidelines and principles established in the regional transportation plan;
- (b) Are consistent with the adopted regional transportation plan; and
- (c) Conform with the requirements of RCW **36.70A.070**.

(2) Each RTPO shall also certify that county-wide planning policies adopted under RCW **36.70A.210** and the adopted regional transportation plan are consistent.

(3) Regions shall cooperatively define and establish measures and processes to determine regional consistency with the adopted regional transportation plan.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-150, filed 4/15/97, effective 5/16/97.]

468-86-160

Regional transportation improvement program.

(1) Each RTPO shall compile a regional transportation improvement program (TIP) at least once every two years. The regional TIP shall:

(a) Be developed on a cooperative basis by local government agencies, public transit agencies, and the department of transportation within each region;

(b) Consist of a list of regionally significant transportation projects and programs including projects proposed for construction and transportation demand management measures proposed to be implemented during each year for the next six-year period;

(c) Consist of regionally significant projects included in the local six-year transit development plans and six-year comprehensive transportation programs required by RCW **35.58.2795**, **35.77.010**, and **36.81.121** for transit agencies, cities, towns, and counties;

(e) Include only projects consistent with the regional transportation plan;

(f) Include a financial section outlining:

(i) Sources of funding reasonably expected to be received for each year of the ensuing three-year period; and

(ii) All assumptions and explanations supporting the expected levels of funding consistent with information included in the financial component of the regional transportation plan.

(2) The six-year regional TIP developed by each RTPO is intended for use as a planning document and shall be available at the lead planning agency office of the RTPO.

[Statutory Authority: RCW **47.80.070** and SHB 1928, Section 5. WSR 97-09-046 (Order 169), § 468-86-160, filed 4/15/97, effective 5/16/97.]

BACKGROUND

The Unified Planning Work Program (UPWP) describes how state funds will be used for regional transportation planning purposes. As the Regional Transportation Planning Organization (RTPO), Peninsula RTPO receives state funds to support a continuous, cooperative, and comprehensive regional transportation planning process across the four-county Peninsula region. This section describes state laws that govern the activities of RTPOs and provides a brief overview of the region. The next section describes the work PRTPO intends to accomplish in SFY 2024 and 2025.

Regional Transportation Planning Organization Responsibilities

RTPOs were established in 1990 as part of a new statewide focus at that time on coordinated planning and growth management. Regional transportation planning coordinated with local land use and transportation planning and decision-making is an important tenet of the Growth Management Act. The Legislature directly appropriates funding for RTPOs to carry out the regional transportation planning program.

Statutory requirements for RTPOs are found in RCW 47.80 and WAC 468.86. Those provisions establish clear roles for Regional Transportation Planning Organizations which are carried out in the work programs they conduct:

- Develop and maintain a minimum 20-year regional transportation plan that reflects locally adopted land use plans and growth strategies, and which considers all modes of travel and all system users. The long-range plan must be consistent with statewide transportation goals in RCW 47.04.280. It must include strategies for achieving the plan's vision and goals and identify funding resources to carry out the recommended strategies.
- Develop and maintain a Coordinated Human Services Transportation Plan that supports mobility needs of the region's population that have special transportation needs. This is updated every four years and serves as the foundation for Consolidated Grants funding recommendations.
- Maintain consistency between local comprehensive plans and the regional transportation plan, and between the regional plan and countywide planning policies. This includes consistency between local, regional, and state level system performance or other level of service standards. It builds on and strengthens on-going coordination and collaboration between the region's transportation partners.
- Produce a six-year Regional Transportation Improvement Program (RTIP) based on those developed by local jurisdictions, transit agencies, and WSDOT.
- Identify projects to receive Transportation Alternatives program funding and prioritize Consolidated Grants funding candidates that support coordinated human transportation services.

- Collaborate with local, regional, state, federal, and tribal partners as appropriate to support efforts that benefit the regional and statewide multimodal transportation system.
- Create opportunities for public education and engagement in developing and carrying out a regional transportation program.
- Ensure coordination and consultation with Indian tribes.

It is up to each RTPO to determine the right approach and balance of activities to fulfill its requirements in ways that make sense for their region and circumstances.

State Emphasis Areas

In addition to statutory requirements, PRTPO's work program also includes annual emphasis areas identified by WSDOT. These include opportunities to participate in statewide planning activities WSDOT will undertake over the next biennium that may be of interest to PRTPO and with potential benefit to the region and its members.

Planning activities identified by WSDOT of potential interest to PRTPO include:

- Statewide Carbon Reduction Strategy
- Implementation of the Highway System Plan
- Performance-based project model evaluation
- Statewide multimodal transportation plan update
- State Transportation Demand Management Plan
- State Commute Trip Reduction Plan
- Coordinated decision making with local agencies regarding transportation and land use
- Updates as warranted to the Federal Functional Classification system

PRTPO will participate in these processes as appropriate given the relevance of activities to PRTPO's work program and the organization's budget capacity. The Executive Board will determine participation as planning opportunities present themselves.

UPWP Development Process

The UPWP development and annual amendment process begins in the 3rd quarter of the state fiscal year with published guidance from WSDOT. PRTPO then develops its UPWP through a collaborative process involving its Executive Committee and Executive Board, Lead Planning Agency and Lead Fiscal Agent, WSDOT Tribal and Regional Integrated Planning Office, and WSDOT Olympic Region.

Schedule and major milestones for PRTPO’s SFY 2024-2025 UPWP development:

Task or Milestone	Date
Executive Board Kick-off of SFY 2024-2025 UPWP	February 17, 2023
Executive Committee Review of Draft UPWP	April 6, 2023
Executive Board Review of Draft UPWP	April 21, 2023
WSDOT Review of Draft UPWP	April 25, 2023
Executive Board Adoption of SFY 2024-2025 UPWP	June 16, 2023

UPWP Amendment Process: An amendment to the adopted UPWP is warranted when there is a substantive change to the budgeted work to be accomplished. There are two principal reasons why the UPWP may need to be amended.

- a. A substantial redirection of the work program within the existing budget in response to factors that were not anticipated in the current work program, and which should not wait for a subsequent UPWP.
- b. An increase in work program funding for additional activities within the current SFY.

In either case, the Executive Board would consider the need for an amendment and take formal action to approve any substantive change before forwarding the amended UPWP to WSDOT for approval.

Description of the Region

Regional transportation planning activities described in this UPWP are for the four-county Peninsula region that includes all of Clallam, Jefferson, Kitsap, and Mason Counties. The map in Figure 1 illustrates the Peninsula region with its geographic complexities and significant proximities.

Figure 1: Map of the Peninsula Region

The Peninsula region had a 2020 population of 446,810 people. About 32 percent of the region's population lives in incorporated jurisdictions, with the other 68 percent living in unincorporated rural areas. The region's largest city is Bremerton (pop. 41,750); the smallest is Forks (pop. 3,680).

The Peninsula Region includes the lands of ten Indian Tribes. Five of those tribes have an active Interlocal Agreement with PRTPO and are active members: Jamestown S'Klallam Tribe, Lower Elwha Klallam Tribe, Makah Nation, Skokomish Tribe, and Squaxin Island Tribe.

Large parts of the region are in national lands. Olympic National Park and Olympic National Forest, combined, account for 37 percent of the entire land area of the Peninsula region. Naval Base Kitsap and its numerous facilities are also located throughout Kitsap and Jefferson County.

Kitsap County is the only county in Washington formally located within two different RTPOs: the highly rural Peninsula RTPO and the highly urban Puget Sound Regional Council. This reflects the

important gateway role of Kitsap County in linking the Olympic and Kitsap Peninsulas with the Seattle metropolitan area and I-5 corridor. Kitsap County connects rural communities and businesses to metropolitan opportunities and connects people in those highly urban areas to rural recreational, cultural, tourism, and environmental opportunities throughout the region.

Regional Transportation Planning Organization Structure

PRTPO is governed by a 27-member intergovernmental body comprised of four counties, nine cities, four transit agencies, four port districts, and five Indian Tribes plus WSDOT Olympic Region. PRTPO was reconstituted as an independent organization on July 1, 2019, after 29 years of administration by WSDOT Olympic Region. Appendix B lists the PRTPO member organizations with active Interlocal Agreements.

PRTPO's Executive Board is the decision-making body and is comprised of elected officials and senior staff from member organizations. It is advised on a wide range of topics by a Technical Advisory Committee. If needed it may convene an advisory Transportation Policy Board. An Executive Committee made up of the Chair, Vice-Chair, and Secretary provides direction and coordination in collaboration with the Lead Planning Agency and Fiscal Agent between the Board's bi-monthly meetings.

Kitsap Transit is the designated Lead Planning Agency for PRTPO and is responsible for delivering the regional work program as directed by the Executive Board and established in the UPWP. Kitsap Transit staff are supported in this effort by contracted staff providing PRTPO Coordinator services.

Jefferson Transit is the Fiscal Agent for PRTPO and is responsible for accounting and invoicing functions for the organization.

Lobbying Activities

PRTPO work program activities do not include lobbying. However, if any lobbying activities were to occur outside of those eligible activities conducted as a part of regular activities as described in Title 23 and Title 49 and in RCW 42.17A.635, PRTPO would file a certification and disclosure form as required by federal and state law and use local funds.

PRTPO SFY 2024-2025 WORK PROGRAM

PRTPO’s Unified Planning Work Program supports an on-going and open process of collaboration and coordination that advances regional objectives. The SFY 2024-2025 UPWP is organized into four Work Elements:

1. Program Administration

3. Regional TIP
4. Other PRTPO Activities

Each Work Element includes one or more activities and associated tasks, described in detail in the section that follows. A summary of the Work Elements and the funding budgeted to conduct that work is summarized in the table below.

Work Element 2 – Transportation Planning

Transportation planning activities encompass the planning and on-going coordination, collaboration, and consultation needed to identify issues and opportunities, develop regionally determined strategies, provide regional direction and leadership on priority matters, and produce periodic updates to plans or guiding documents. This UPWP supports PRTPO’s priority planning objective for the 2024-2025 biennium, a refresh of the long-range Regional Transportation Plan. All work is directed by the PRTPO Executive Board. Implementation details for activities are developed by the Board as a part of its work program delivery process and reflect budget constraints, other activities underway, and circumstances or opportunities available at that time.

Work Element 4 – Other PRTPO Activities in SFY 2024-2025

In addition to the core work program activities described in Work Elements 1-3, PRTPO will undertake additional activities in SFY 2024-2025 as funds and staffing allow, to address specific outstanding needs for the region. These are one-time or occasional activities, separate from the on-going core functions. Specific activities will be identified by the Executive Board and amended into the UPWP as funds are identified. It is also possible that no additional work will be conducted beyond what has already been identified.

Other Planning Activities within the Peninsula Region

WSDOT Olympic Region Planning

Funding Source: State and Federal

Work performed by: WSDOT Olympic Region staff in partnership with local, regional, and federal staff.

WSDOT is involved in three planning emphasis areas that are federally funded. These activities are Corridor and Network Planning, Tribal and Regional Coordination, and Enhanced Local Collaboration.

Corridor and Network Planning includes involvement in system planning efforts such as development and evaluation of strategies and projects that meet state system plan policies and service objectives that lead to the development and completion of the Corridor Sketches. Efforts are conducted in cooperation with local, regional, state agencies, and tribes and include determination of existing and long-range deficiencies in the system, development and refinement of strategies for inclusion in the Corridor Sketches.

Tribal and regional coordination efforts consist of WSDOT participation in the planning activities of PRTPO, local jurisdictions, and the federally recognized tribes within the region. Efforts include technical assistance and participation in local and regional planning efforts. Efforts also include statewide planning activities such as updates to the Highway System Plan, Statewide Public Transportation Plan, and other coordinated planning activities.

Enhanced Local Collaboration involves working closely with local jurisdictions to offer early and ongoing reviews and assistance on their Comprehensive Plans. This ongoing coordination reduces the potential for last-minute substantive comments on the completed Comprehensive Plans. In addition, efforts include assisting in the development and review of subarea plans and other comprehensive plan updates or revisions. WSDOT expects this emphasis area to be a high priority in this biennium because PRTPO jurisdictions must complete their periodic updates prior to June 30, 2025.

WSDOT Olympic Region prepares and adopts its own UPWP. It has identified the following planning studies within or affecting PRTPO for the 2024-2025 biennium:

- SR 307 from SR 305 to SR 104
- SR 101 from SR 3 to I-5 (~MP 349 to 367)

WSDOT's Multimodal Planning Office also leads pre-design studies for Fish Passage and a subset of other preservation and improvement projects in compliance with Washington State's Complete Streets requirements. The pre-design studies, which occur just prior to initiation of Preliminary Engineering, entail coordination with stakeholders and the general public to reach commitments on project features that meet State requirements and support local plan implementation. Pre-design studies received project development funding rather than Federal Planning funds and are therefore not strictly a part of the UPWP. However, WSDOT planning staff coordinate with PRTPO and local agency planning staff during the course of all pre-design efforts.

Appendix A: SFY 2024-2025 Unfunded Needs

PRTPO's Unified Planning Work Program is financially constrained by the state RTPO planning funds available each biennium to conduct this work. Additional regional transportation planning activities and products would benefit the region and its members if funds were available.

Following are unfunded planning needs with a cost range where work is scalable based on funding. The order presented here does not imply priority. The PRTPO Executive Board will determine priorities based on specific funding opportunities. Inclusion here does not necessarily mean that work must be conducted by PRTPO. A PRTPO member or other transportation stakeholder may pursue funding and carry out this work if the opportunity presents itself. Note that PRTPO itself can only accept state funds for additional work.

A. Extend PRTPO's Annual Services Agreement with the AWC GIS Consortium

As a member of the Association of Washington Cities, PRTPO is eligible to obtain GIS services through an annual service agreement with the GIS Consortium. This is a flat fee for a certain number of hours of work directed by PRTPO. Early products obtained by PRTPO through this contract include an interactive RTIP mapping tool and technical support, and some early regional demographic information and interactive infographic resources. The existing service contract in place will extend through much of SFY 2024 and will be used to develop some of the tools and communications platform PRTPO plans to use for its new RTP. These GIS services are vital to PRTPO's ability to build baseline information and analysis tools needed to support this and other on-going work program efforts.

This is a high value investment for PRTPO that extends the organization's capacity for analysis and effective communications. A Tier 3 service agreement provides 100 hours of GIS service directed by PRTPO and any unused hours roll over to the following year.

Estimated cost – \$17,710 per year (includes cost recovery fee)

B. Freight Data Collection for Local Agencies

Some of Washington's important freight routes are on local facilities. Every two years WSDOT asks PRTPO to help coordinate an update of freight data for the local elements of the state's Freight and Goods Transportation System (FGTS), but none of the region's local partners have the resources to collect or maintain such data.

If funded, this activity would entail a coordinated effort to collect baseline data for all of the region's local T-2 routes (there are 5) and a select number of priority local T-3 routes for use in updating the FGTS. This would support future updates for a few biennia until such time fresh data could be collected again. Importantly, it would advance local efforts to address key freight mobility issues affecting their communities, ports, and businesses and provide the information they need to compete more effectively for project funding. This data collection effort may be of potential interest to WSDOT or others, enhancing coordination and data collection opportunities.

Estimated cost - \$25,000 - \$50,000

C. Evaluation of Lighting Standards and Compendium of Best Practices in Local Implementation

Local agencies work with an array of lighting and illumination standards for various aspects of the local transportation system. This includes various standards associated with lighting for streets, crosswalks, intersections, transit stops, trails and pathways, and other features of the transportation system. Each standard addresses a specific system need but the standards often conflict with each other.

PRTPO's Technical Advisory Committee identified the value potential in taking a coordinated approach to assessing the array of lighting standards they are working with at the local level, learning from each other's experiences, and compiling some best practices as to how local agencies are reconciling competing standards and policies.

There will be opportunity within the PRTPO core work program for the TAC to more clearly define what work products or processes would best meet their shared needs. This item is listed as a placeholder for the follow-up activities defined in that work session.

Estimated cost = TBD

D. Supplemental Funding for Regional Transportation Plan Development

PRTPO will undertake an update of its RTP in SFY 2024 and 2025. That update is scaled to the budget and resources available to PRTPO, which total about \$30,000 for this work. Additional funding would enable a more comprehensive process for policy makers and expand opportunities for outreach and engagement over the two-year update cycle.

Estimated cost = \$20,000 +/-

E. Increase Regional Transportation Resilience

Transportation resilience is challenging in a region so heavily constrained by geography and land ownership. Mountains and water limit traditional opportunities for redundant connections and access. Federal land management agencies and state resource agencies own and maintain significant land holdings across the region. These challenges make most communities in the region highly vulnerable to isolation when primary lifeline routes are severed unexpectedly or when a bridge, highway, or ferry terminal needs to be closed for major construction activities. This is true for all modes of travel in the Peninsula Region.

Innovative strategies are needed to increase route redundancy and system resilience. Coordination and communication can leverage existing countywide emergency management efforts to ensure regional connectivity is adequately addressed in those vital plans and coordination activities. Collaboration among diverse stakeholders – local, state, federal, tribal, and private – can assess unique backroads opportunities for alternate emergency routes and explore ways the many small ports and boat launches could increase access in times of disaster. New strategies for increasing energy resilience and maintaining critical operations can help communities cope longer with less hardship until system connections are restored. The intent is to identify ways to grow the region's capacity to respond, recover, and adapt to major disruptions in the regional transportation system due to earthquakes, severe weather, climate change, or other factors that take down the traditional transportation system.

Estimated cost = \$10,000 - \$50,000+

Regional Transportation Plan

Regional Transportation Plan 2040

PRTPO's Regional Transportation Plan 2040 describes existing and future conditions of the regional transportation system. Its goals and policies support coordinated efforts among the region's partners and provide a framework for identifying and pursuing regional objectives. It is periodically updated to reflect current or emerging needs and to comply with state requirements.

INTRODUCTION

The Regional Transportation Improvement Program (RTIP) is a presentation of transportation projects proposed for implementation during a six-year period for the years 2024 through 2029. The PRTPO RTIP is made up of projects with federal funding, State of Washington funding and local funding from around the PRTPO Region. The RTIP describes the project, provides its projected costs, schedule for completion and associated funding sources. Importantly, The RTIP is consistent with the adopted Regional Transportation Plan (RTP) which can be located under the PRTPO Plan & Studies at:

The PRTPO Region is made up of a four-county area (Clallam, Kitsap, Jefferson and Mason Counties) and members include cities, counties, tribal nations, ports, and transit agencies. The projects listed in this document reflect members who choose to submit projects for review at the PRTPO Region. Kitsap County Members submit their RTIP projects to the Puget Sound Regional Council (PSRC). The RTIP is not a complete list of projects for each member jurisdiction.

DEVELOPMENT OF THE RTIP

The RTIP is an annual process that is brought to the PRTPO Executive Board for consideration in September of each year. The RTIP is required by RCW 47.80.023. Specifically, the RCW requires the RTPO to: *“develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of *regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively, and any recommended programs or projects identified by the agency council on coordinated transportation, as provided in chapter 47.06B RCW, that advance special needs coordinated transportation as defined in RCW 47.06B.012. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.”*

**Regionally significant project means a transportation project (other than projects that may be grouped in the TIP and/or STIP or exempt projects as defined in EPA's transportation conformity regulations (40 CFR part 93, subpart A)) that is on a facility that serves regional transportation needs (such as access to and from the area outside the region; major activity centers in the region; major planned developments such as new retail malls, sports complexes, or employment centers; or transportation terminals) and would normally be included in the modeling of the metropolitan area's transportation network. At a minimum, this includes all principal arterial highways and all fixed guideway transit facilities that offer an alternative to regional highway travel.*

The RTIP is presented to the WSDOT after Executive Board approval for inclusion in the Statewide Transportation Improvement Plan (STIP). Only projects with secure funding are included in the STIP. Projects with planned funds are left in the RTIP until they are ready to move from planned to secure. In the project descriptions a letter “P” is found on the left side of the funding description for planned funding while an “S” is for secure funding.

Once funds are secured, the RTPO forwards the projects to WSDOT for inclusion into the Statewide Transportation Improvement Program (STIP). The STIP has a public review period similar to the RTIP. The latest STIP can found at: <https://www.wsdot.wa.gov/LocalPrograms/ProgramMgmt/STIP.htm>

A summary table is provided on page 4 detailing the funding totals by categories of federal, state and local funds by jurisdiction.

POLICY FOR AMENDMENTS

New projects or those requiring amendment beyond the WSDOT administrative thresholds are brought before the Executive Committee for discussion and forwarding to the Executive Board agenda. Projects needing an expedited approval process are brought before the Executive Board without Executive Committee review for consideration no later than 14 calendar days before the next scheduled Executive Board meeting. Projects submitted less than calendar 14 days prior to the Executive Board meeting will be forwarded to the next scheduled Executive Committee meeting for consideration.

PRTPO coordinators track projects by the date of Executive Board approval.

Existing projects may continue to be amended using WSDOT amendment guidelines.

PRTPO coordinators will update the RTIP once the Executive Board has approved the project.

Regional Transportation Improvement Program

PRTPO's 2024-2029 Regional Transportation Improvement Program (RTIP) includes the six-year Transportation Improvement Programs (TIP) of members in Clallam, Jefferson, and Mason Counties, and WSDOT Olympic Region. Current project details can be found on the Documents page of PRTPO's website here.

TIPs from Kitsap County agencies are incorporated into the Puget Sound Regional Council's RTIP. That RTIP can be found here:

2022 Human Services Transportation Plan

2022 Human Services Transportation Plan

PRTPO's 2022 Human Services Transportation Plan provides a framework for understanding and coordinating mobility services for people who do not drive due to age, disability, or income. PRTPO's HSTP meets state guidelines and federal planning requirements and makes PRTPO partners eligible for Federal Transit Administration grants.

The updated plan was approved in October 2022 and amended in December 2022 to include the Consolidated Grants projects PRTPO reviewed and ranked for competitive statewide funding.

The full plan can be viewed and downloaded from the **Human Services Transportation Plan page** of the PRTPO website.

To our legislators in the 23rd, 24th, 26th, and 35th Districts,

Thank you for this annual opportunity to share with you, our legislative delegation, the needs and concerns of our member agencies working to build, operate, maintain, and manage all aspects of our transportation system and keep our communities moving. We value your partnership.

Let’s finish what’s been started. PRTPO continues to advocate for completion of the remaining *Connecting Washington* funding commitments from the 2015 funding package. It has been nearly a decade since the enactment of this funding package. Progress on the **SR 305 Safety and Mobility Improvements** is having a big impact on corridor mobility. We commend the WSDOT-local-tribal collaboration that made the new Johnson Road/SR 305 roundabout possible, a stellar example of intergovernmental cooperation with far-reaching benefits. More funding will complete the corridor and extend the benefits.

We’re also encouraged by early signs of progress on the **SR 3 Freight Corridor project**. This shared endeavor between Mason County, the Belfair community, and WSDOT dates back to the 1960s! It is time for this legacy “Belfair Bypass” project to be completed and bring its mobility benefits and economic catalysts to north Mason County.

We also have our sights set on Sequim’s **Simdars Road/US 101 Improvements** and Bremerton’s **SR 3/Gorst-area Improvements**, both of which were funded in 2022’s *Move Ahead WA* package. They will address two more long-standing mobility hotspots in the Peninsula Region, generating mobility and economic benefits for the region and state.

Safety is top of mind. As we come out of the pandemic, communities across the region are troubled by the pronounced spike in fatalities they see on our public roadways. We ask you to join us as we double-down on our shared goals of zero deaths and a safe system for all road users. We encourage your renewed support for safety funding programs and innovative partnerships to reduce fatalities and serious injuries on our public facilities, minimize conflicts between motorized and non-motorized travelers, and tame state highways that serve as Main Streets through our local communities.

State investments provide critical support for local safety projects. More can be done. With your support, our local, state, and tribal partners can get it done.

Make smarter use of federal funds. Thanks to your support for smarter use of federal funds, a **funding swap pilot program** was established in the 2023 session but it **needs to be of a longer duration** for any of our members to participate. A progress report to the Legislature in December 2024 is premature. We encourage you to **extend this pilot program through 2026**. This will give Local Programs the time it needs to work out implementation details and enable a selection of small, federally funded local projects from rural counties to participate in the program before an evaluation on the pilot program’s effectiveness is sent to the Legislature.

There’s more on our radar. Over this next year PRTPO is exploring regional issues and opportunities our communities face between now and 2050. Expect to hear more from us this next year on:

- Hood Canal Bridge policies regarding opening for large recreational sailing vessels**
We are working to develop an estimate of the average vehicle hours of delay and economic impacts to the traveling public attributed to opening the bridge for large sailboats. This is information the Legislature and Coast Guard can use to review and update if necessary the current policies and standards governing bridge openings for recreational vessels.
- Puget Sound to Pacific Trail coordinated planning**
A collaboration of several regional members received a federal RAISE grant to complete a coordinated planning effort that will fill in gaps in the Sound to Olympics Trail and the Olympic Discovery Trail. This will queue up construction-ready projects that establish a non-motorized route from ferry terminals on Bainbridge Island to La Push on the Pacific coast.
- EV-readiness and resilience in rural regions**
PRTPO’s local and tribal members are forging new relationships with Public Utility Districts, EV charging companies and vendors, and other stakeholders working to expand the region’s capacity to support the transition to clean, renewable energy. Together they are tapping new rural economic opportunities while reducing the region’s GHG emissions and fossil fuel dependence.
- Restoration of traditional ferry service scheduling**
State of good repair for ferries is essential to safe and reliable operation of our marine highway system. Being “one boat down” is a chronic situation for travel to and from Bremerton and Port Townsend, with implications for people, goods, and services across the region. Restoration of regular service is overdue.
- Broadband makes a difference**
Thank you for your ongoing support for equitable, expansive broadband access. That means a lot in a highly rural region such as ours. We still have a way to go but our members report increasing access for their constituents and employers. Your legislative support helps Washington secure important federal funding that is extending the reach of this effort into hard-to-serve rural areas.

We appreciate your interest and support for priority regional concerns and look forward to working with you.

Pavement Preservation, Asset Management, and State of Good Repair

PRTPO stands with its local, state, and tribal partners in reiterating the need for adequate, predictable funding to preserve and maintain the existing transportation system - streets and highways, bridges, ferry terminals and vessels, transit vehicles and infrastructure, trails and pathways, sidewalks, airport runways, port terminals, and technology. Existing revenues are insufficient and unreliable for maintaining a State of Good Repair across the region.

Peninsula Regional Non-Motorized Connectivity Study

Peninsula Regional Non-Motorized Connectivity Study

PRTPO’s Peninsula Regional Non-Motorized Connectivity Study, adopted in early 2019, provides an overview of the existing facilities that serve as building blocks to better connect non-motorized facilities regionally. It offers a gap analysis to assist PRTPO and its partners in identifying and prioritizing future opportunities to create a more complete and well-connected non-motorized network for the region.

AUTHORITIES

Title VI of the 1964 Civil Rights Act provides that no person in the United States shall on the grounds of race, color, national origin, or sex be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity receiving federal financial assistance.

The Civil Rights Restoration Act of 1987 broadened the scope of Title VI coverage by expanding the definition of terms “programs and activities” to include all programs or activities of federal aid recipients, sub-recipients, and contractors, whether such programs and activities are federally assisted or not (*Public Law 100-249 [S. 557] March 22, 1988*).

ORGANIZATION, STAFFING, AND TITLE VI RESPONSIBILITIES

ORGANIZATIONAL OVERVIEW

PRTPO is a non-metropolitan Regional Transportation Planning Organization established pursuant to Chapter 47.80 of the Revised Code of Washington (RCW). It is a special-purpose planning organization providing coordinated regional transportation planning for the four county Clallam-Jefferson-Kitsap-Mason County region. (Figure 1) PRTPO was established in 1991 and administered by the Olympic Region of the Washington State Department of Transportation (WSDOT) until July 1, 2019, at which time it was restructured as an independent, stand-alone organization.

WSDOT Olympic Region

Membership in the PRTPO is voluntary and governed by terms of its adopted Bylaws and Interlocal Agreements. In 2021, PRTPO has 27 members. Members include local government cities, counties, port districts, and transit agencies, Native American tribes, and WSDOT Olympic Region.

PRTPO receives \$137,160 a year in state funds from WSDOT’s Office of Multimodal Planning to support a continuous, cooperative, and comprehensive regional transportation planning program across the four-county region, as well as periodic supplemental funds for other planning needs directed by and under contract to WSDOT. Statutory planning requirements are defined in RCW 47.80 and Chapter 468.86 of the Washington Administrative Code. PRTPO’s work program and budget are spelled out in an adopted Unified Planning Work Program reviewed and approved by WSDOT, and the basis for RTPO Agreements between PRTPO and WSDOT.

PRTPO is a state-designated regional planning organization for a non-metropolitan region. It provides no mobility services or support, nor does it acquire or hold real property or construct projects. While it prioritizes projects submitted by others to receive funding through various WSDOT funding programs, PRTPO has no funds to award to transportation projects. PRTPO has minimal statutory authority.

A copy of the organization’s Bylaws, signed Interlocal Agreements, current representatives, and adopted work program and budget can be found in the [PRTPO Resource Manual](#) published on PRTPO’s website at PRTPO.org.

ORGANIZATIONAL STRUCTURE

The Executive Board is PRTPO’s decision-making body and is comprised of elected officials and senior staff appointed by member organizations. The Executive Board is advised on a wide range of topics by a Technical Advisory Committee (TAC). The TAC is comprised of staff and some elected officials appointed by member organizations. If needed, PRTPO may convene an advisory Transportation Policy Board that includes representatives from other organizations besides PRTPO members; no such Policy Board body currently exists. An Executive Committee made up of the Chair, Vice-Chair, and Secretary of the Board provides direction and coordination in collaboration with the Lead Planning Agency and Lead Fiscal Agency between the Board’s bi-monthly meetings.

PRTPO has no other standing advisory boards or committees.

STAFFING

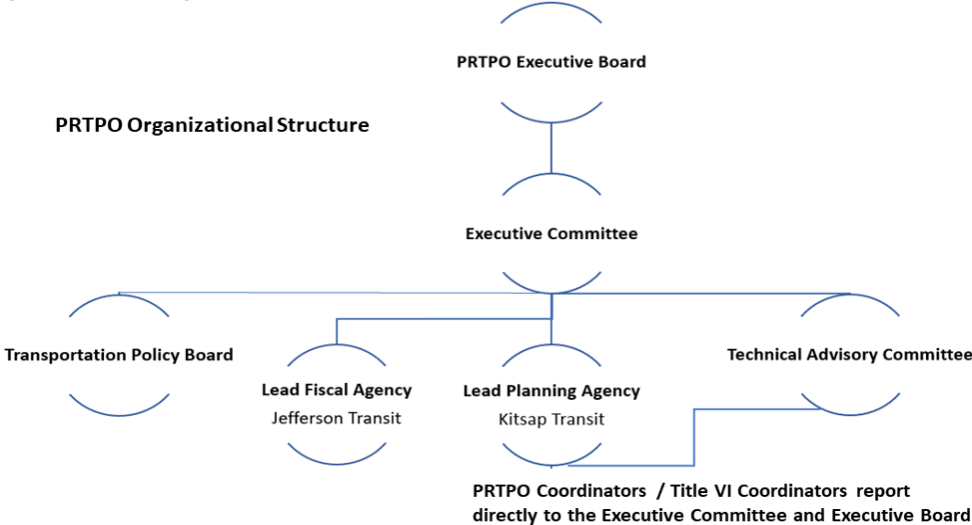

Kitsap Transit is contracted by PRTPO to serve as the designated Lead Planning Agency and is responsible for delivering the regional work program as directed by the Executive Board and established in the adopted UPWP. Kitsap Transit assigns two staff part-time as PRTPO Coordinators to deliver the work program for the Executive Board in coordination with the Executive Committee. PRTPO Coordinator staffing between the two positions totals about 0.4 FTE (Full-Time Equivalent). Both staff received Title VI training from WSDOT’s Title VI Training Coordinator in December 2019 and carry out PRTPO’s Title VI coordination and compliance activities.

Jefferson Transit is contracted by PRTPO to serve as the Lead Fiscal Agency and is responsible for accounting and invoicing functions for the organization. Jefferson Transit assigns one staff part-time to provide accounting functions, totaling less than 0.1 FTE.

PRTPO maintains an on-call contract with Kitsap County for legal support services.

TITLE VI RESPONSIBILITIES

The PRTPO Executive Board is ultimately responsible for assuring full compliance with the provisions of Title VI of the Civil Rights Act of 1964 and related statutes and has directed that non-discrimination is required of all PRTPO staff, contractors, and agents pursuant to 49 CFR Part 21.

PRTPO tasked its PRTPO Coordinators to perform the duties of the Title VI Coordinator and ensure implementation of its Title VI program.

Title VI Coordinator responsibilities include:

- Submitting a Title VI plan and annual reports on PRTPO's behalf
- Developing procedures for the prompt processing and disposition of complaints
- Receiving, reviewing, and routing complaints, compiling a complaint log, and reporting to WSDOT
- Developing procedures for the collection and analysis of statistical data
- Developing a program to conduct Title VI reviews of program areas
- Conducting annual Title VI assessments of pertinent program areas
- Developing and posting Title VI information for dissemination
- Providing written and/or verbal information in languages other than English or in alternate formats where appropriate
- Resolving deficiency or remedial actions necessary for Title VI compliance
- Obtaining training as needed to remain current about Title VI requirements

PRTPO's Title VI Coordinators have other responsibilities for the organization and are not solely dedicated to Title VI compliance.

PRIMARY PROGRAM AREA DESCRIPTIONS & TITLE VI REVIEW PROCEDURES

PRTPO is a regional planning organization. Its work and budget is outlined in its adopted Unified Planning Work Program (UPWP) which is reviewed and approved by WSDOT's office of Multimodal Planning. The UPWP is organized around four program areas. The Title VI Coordinator is responsible for initiating, monitoring, and ensuring PRTPO's compliance with Title VI requirements for each of those areas.

PRTPO strives to ensure non-discrimination in all its work program activities and products. This section describes those four program areas, the primary Title VI responsibilities associated with each, and procedures for how each area will be monitored and reviewed for Title VI compliance.

PROGRAM AREA	General Description	Title VI Responsibilities	Title VI Review Process
<i>Work Program Administration</i>	<p>This program area provides for PRTPO’s organizational support: meetings of the Executive Board, TAC, and Executive Committee; work program development and management; budget, accounting, and audit functions; website development and maintenance; general public communications; Title VI compliance; fixed expenses like insurance and fees</p>	<p>This program area is responsible for Title VI compliance for the whole work program including disseminating Title VI information to the public, monitoring and responding to complaints, obtaining needed remedial training, analyzing data and submitting annual reports, and maintaining and updating PRTPO’s Title VI Plan. Self-reporting forms will be used to collect Title VI reporting data from participants in PRTPO activities for use in reviewing other work program activities.</p>	<p>PRTPO will monitor Title VI complaints received, the nature of complaints and their findings as a means of assessing its efforts. Based on the findings of any complaints received, PRTPO will determine if remedial training is needed and if so, ensure such training is obtained. PRTPO will notify the WSDOT OEO of any remedial actions taken.</p>
<i>Transportation Planning</i>	<p>This program area accounts for most of the regional planning and required RTPO activities: maintain a long-range regional transportation plan; develop a Human Services Transportation Plan; conduct tribal consultation; maintain regional coordination with other agencies and organizations; provide legislative information; prioritize Transportation Alternatives and Consolidated Grants projects for funding by WSDOT</p>	<p>Title VI responsibilities will vary by task. Some planning efforts will have their own public participation plans that identify targeted interests. Demographic and four-factor analysis will be used to identify appropriate resources and engagement techniques.</p> <p>In addition to maintaining an active relationship with its five tribal members, PRTPO is responsible for regular consultation with all ten tribes in the region.</p>	<p>Title VI Coordinator will collect data and evaluate demographic and socio-economic characteristics using four-factor analysis to ensure work program and public engagement strategies address LEP, minority, and low-income population needs when conducting updates of the Human Services Transportation Plan or Regional Transportation Plan, or any potential spin-off process resulting from core regional planning activities.</p> <p>Self-reported Title VI data from participants in PRTPO processes will be used to evaluate the efficacy of outreach strategies.</p>

PROGRAM AREA	General Description	Title VI Responsibilities	Title VI Review Process
<i>Regional TIP</i>	<p>This program area is responsible for compiling the six-year transportation improvement programs (TIPs) provided by member agencies into a composite regional TIP and updating that document throughout the year as members add new projects. PRTPO is working to develop an interactive mapping tool to make local and state project information visual and more accessible to the widest group of people.</p>	<p>This is a reporting document that aggregates information developed by local, state, and tribal agencies into a single source. PRTPO is not responsible for decisions as to project selection and funding. As such, PRTPO’s RTIP does not have a direct Title VI nexus.</p>	<p>Not applicable.</p>
<i>Other PRTPO Activities</i>	<p>This program area includes other activities identified by the Executive Board as budget and resources allow. No work is currently budgeted in the SFY 2022-2023 UPWP.</p> <p>PRTPO’s Executive Board manages the work program and would identify any potential additional work activity as a part of its regular meetings.</p>	<p>Ensuring timely access to information on PRTPO meetings and agendas ensures no one is excluded from commenting on proposed new work activities.</p>	<p>Monitor Title VI complaints received, nature of the nature of the complaints, and findings. Determine if remedial training is needed and ensure such training is obtained.</p>

REVIEW PROCEDURES FOR SUB-RECIPIENTS AND CONTRACTORS

PRTPO has no federal funds to award and so has no federal funding sub-recipients or contractors to monitor. If it does obtain such funds in the future, PRTPO will work with the WSDOT Office of Equal Opportunity to develop a review process.

DATA COLLECTION/REPORTING/ANALYSIS

Program Area	Type of Data Collected & Process for Collecting	Intended Outcome of Data Analysis (Title VI Purpose for Collecting the Data)
<i>Work Program Administration</i>	<p>Data: Title VI Complaints and Findings pertaining to compliance violations</p> <p>Source: Submitted by complainants alleging PRTPO Title VI violation</p>	<p>Ensure that PRTPO processes do not discriminate against, exclude, marginalize, or otherwise create barriers to participation in the regional planning work program due to race, color, national origin, disability, gender, age, or income.</p>
<i>Transportation Planning</i>	<p>Data: Demographic and socio-economic data from the Census, other sources, for comparative and contextual evaluation, four-factor analysis.</p> <p>Source: US Census Bureau, OFM, school districts, self-reported by people participating in PRTPO activities, service providers, etc.</p>	<p>Ensure that the distribution of benefits and/or burdens of PRTPO’s planning processes and plans are fair. Ensure PRTPO’s processes provide LEP, minority, and/or low-income individuals with meaningful access to PRTPO’s regional transportation planning program and input into its plans. Ensure that PRTPO’s targeted engagement efforts are tailored appropriately for the demographics of the affected community and minimize barriers to participation for protected classes and low-income households. Ensure that, to the extent practicable and appropriate, PRTPO strives for participation that reflects the composition of the population affected by the regional plan, planning area, and/or planning topic under consideration.</p>
<i>Regional TIP</i>	<p>Not applicable</p>	<p>N/A</p>
<i>Other PRTPO Activities</i>	<p>Data: Title VI Complaints and Findings pertaining to compliance violations</p> <p>Source: Submitted by complainants alleging PRTPO Title VI violation</p>	<p>Ensure that core PRTPO processes do not discriminate against, exclude, marginalize, or otherwise create barriers to participation in the regional planning work program due to race, color, national origin, disability, gender, age, or income.</p>

TITLE VI TRAINING

PRTPO Coordinators maintain program administration documentation and data necessary for preparation of annual Title VI reports. In keeping with PRTPO’s policy of nondiscrimination, PRTPO Coordinators participate in applicable educational and training opportunities as needed.

PRTPO has no other staff or any subrecipients to offer additional Title VI training. If that changes then WSDOT’s Office of Equal Opportunity may be asked to provide applicable training.

TITLE VI COMPLAINT PROCEDURES

Federal law prohibits discrimination on the basis of race, color, or national origin in any PRTPO program, service, or activity. This prohibition applies to all work of PRTPO, its contractors, consultants, and anyone else who acts on behalf of PRTPO.

PRTPO posts its Title VI Assurance and complaint information on the **About Us** page of the organization’s website. It is provided in both English and Spanish. It includes a link to the Title VI plan as well as to the PRTPO Title VI Coordinator for questions or to register a complaint.

PRTPO Title VI Assurance

Title VI Plan

It is the responsibility of PRTPO to assure that no person shall, on the grounds of race, color or national origin, as provided by Title VI of the Civil Rights Act of 1964, be excluded from participation in, be denied the benefits of, or otherwise be discriminated against under any of its federally funded programs and activities. Any person who believes his or her Title VI protection has been violated may file a complaint with PRTPO. For Title VI complaints and additional information, please call (360)-824-4919 or email Edward Coviello at edwardc@kitsaptransit.com.

En Español: Es responsabilidad de PRTPO, según lo dispuesto en el Título VI de la Ley de Derechos Civiles de 1964, asegurar que ninguna persona, por motivos de raza, color o nacionalidad de origen, sea excluida de la participación, se le nieguen los beneficios, o de otra manera sea discriminada en virtud de cualquier de sus programas y actividades financiados por el gobierno federal. Cualquier persona que crea que su protección de Título VI ha sido violada, puede presentar una queja ante el PRTPO. Para quejarse sobre el Título VI e información adicional, llame al (360) 824-4919 o correo electrónico Edward Coviello en edwardc@kitsaptransit.com.

PRTPO’s complaint procedure is outlined below. The procedures do not deny the right of the complainant to file formal complaints with other state or federal agencies or to seek private counsel for complaints alleging discrimination. These procedures are part of an administrative process that does not provide for remedies that include punitive damages or compensatory remuneration for the complaint.

RIGHT TO FILE A COMPLAINT

Anyone who believes they have been excluded from participation in, denied the benefits of, or otherwise subjected to discrimination under any PRTPO program, service, or activity because of their race, color, or national origin may file a complaint with PRTPO. A complaint must be filed no later than 180 days after the date of the alleged discrimination.

COMPLAINT SUBMITTAL

A copy of PRTPO's complaint form is in Appendix B. Complaints should be in writing, signed, and submitted by mail, in person, or via e-mail. Complaints must meet the following requirements:

- a. Complaint shall be in writing and signed by the complainant(s).
- b. Complaint shall include the date of the alleged act of discrimination or the date on which the conduct was discontinued or the latest instance of the conduct.
- c. Complaint shall present a detailed description of the issues, including names of those individuals perceived as parties in the alleged violation.

Allegations received by email will be acknowledged and processed once the identity of the complainant and the intent to proceed with the complaint have been established. For this, the complainant is required to mail or deliver a signed, original copy of the email transmittal for PRTPO to be able to process it. Allegations received by telephone will be reduced to writing and provided to the complainant for confirmation or revision before processing.

Complaints should be submitted to:

PRTPO Title VI Coordinator
 c/o Kitsap Transit
 60 Washington Avenue, Ste 200
 Bremerton, WA 98337

Via email: EdwardC@kitsaptransit.com

Reasonable efforts will be made to assist persons with disabilities, non-English speakers, and others unable to file a written complaint. For assistance with submitting a claim, please call 360.824.4919 and ask for the PRTPO Title VI Coordinator.

COMPLAINT TRACKING

Once a complaint is received, it will be reviewed to determine jurisdiction, acceptability, need for additional information, and the investigative merit of the complaint. All complaints are assigned a tracking number and tracked via a Complaint Log. The Complaint log contains the following information for each complaint filed:

- The name and address of the person filing the complaint.
- The date of the complaint.
- The basis of the complaint.
- The disposition of the complaint.
- The status of the complaint.

If a complaint is forwarded to another agency, complainants will be provided the name and contact information of the employee handling the complaint.

The Complaint Log and documentation are destroyed four years after the end of the fiscal year in which the case is closed.

COMPLAINT INVESTIGATION

The investigation will include as appropriate, a review of the pertinent practices and policies of PRTPO, the circumstances under which the possible noncompliance occurred, and other factors relevant to a determination as to whether PRTPO has failed to comply with Title VI.

PRTPO will not investigate a complaint against itself but will request the WSDOT Office of Equal Opportunity to conduct investigations. WSDOT will follow adopted procedures for investigating discrimination complaints according to the current State Title VI Plan. PRTPO will take prompt action whenever a compliance review, report, complaint, or any other information indicates a failure on PRTPO's part to comply with Title VI.

LETTERS OF FINDING AND RESOLUTION

Within sixty (60) days of receipt of the complaint, PRTPO's Title VI Coordinator or WSDOT investigator(s) will make a recommendation to the Executive Board regarding the merit of the complaint and whether remedial actions are needed to provide redress. The PRTPO Chair will transmit to the complainant one of the following two letters based on its findings:

- a. A letter of finding indicating that a violation of federal Title VI regulations was not found. This letter will include any explanation of why a violation was not found and provide notice of the complainant's appeal rights. If applicable, the letter can include a list of procedural violations or concerns that certain practices are questionable and that without corrective steps, a future violation finding may be possible.
- b. A letter of finding indicating that a violation of federal Title VI regulations was found. This letter will include a summary of the allegations and interviews of each violation referenced, a brief description of proposed remedies (including any disciplinary action, additional staff training, or other remedy/action), a notice of an anticipated completion date for the proposed remedies and notification of the complainant's appeal rights.

PRTPO will submit a copy of the complaint, resulting investigative report, letter of finding, and if appropriate any remedial actions to WSDOT's External Civil Rights Branch or other appropriate oversight agency within sixty (60) days of the Executive Board receiving the investigator's report.

APPEALS PROCESS

The letters of finding and resolution will offer the complainant a chance to provide additional information that would lead PRTPO or WSDOT investigators to reconsider the conclusions. Parties in the complaint should provide this additional information in writing to the PRTPO Executive Board within 60 days of the letter of finding being submitted. The request for reconsideration should be sufficiently detailed to contain any items the complainant feels were not fully understood or reviewed during the investigation. After reviewing this information with WSDOT investigators, PRTPO will respond either by issuing a revised letter of resolution or finding to the appealing party, or by informing the appealing party that the original letter of resolution or finding remains in force.

Complainants have the right to file a complaint directly with FHWA:

Federal Highway Administration
 U.S. Department of Transportation Office of Civil Rights
 1200 New Jersey Avenue, SE
 8th Floor E81-105
 Washington, DC 20590

CivilRights.FHWA@dot.gov

There is no prohibition against a complainant filing a Title VI complaint simultaneously with PRTPO, WSDOT, and FHWA.

PRTPO reserves the right to assign any Title VI complaint to Kitsap County's legal counsel for dissolution of any or all parts of this process. If so, Kitsap County's legal counsel will contact the complainant.

PUBLIC PARTICIPATION

PRTPO adopted Public Participation Protocols in June 2021 that describe public engagement procedures for each element of PRTPO's on-going work program and activities. This includes how PRTPO makes the month-to-month activities of the organization, such as Executive Board meetings and decision-making processes as well as more general information about the region's transportation system, open and accessible to the public. It is a guide to help people understand how they can participate in the on-going regional planning process.

Those adopted Protocols specify that when PRTPO engages in more direct community planning activities, engagement is tailored to that specific planning process and where appropriate, targeted communities of interest are identified. The two core community planning processes that PRTPO undertakes every few years are periodic major updates to the long-range Regional Transportation Plan (RTP) and the shorter-term Human Services Transportation Plan.

Process-specific public participation plans strive to provide affected communities with information that is readily understood and with convenient, accessible opportunities for engagement. Timing is important to ensure that public input can shape decisions and outcomes.

What that participation strategy looks like will differ depending on the specific planning process and its significance for affected communities, but in general when conducting community planning processes PRTPO will rely on these key techniques for ensuring representative participation.

- Use Census data to identify key stakeholder constituencies that may be under-represented in traditional planning outreach processes. This is also a useful indicator later in the process to understand how representative of the regional community or target interests is the input received and any likely consequences or follow-up strategies that may be warranted.
- Tap into the appropriate network of familiar and trusted providers and leaders that work with under-represented groups targeted for more focused engagement to identify the best ways of engaging with these communities. These are also critical allies to better understand how regional transportation policies or strategies in question might impact or benefit these communities or their mobility, often providing insights that individuals within a particular community would not have.
- Develop processes and materials appropriate for the targeted group(s) with opportunities for meaningful participation that minimize barriers associated with time or distance. In addition to considering geographic and transit access, this may mean scheduling meetings at non-traditional times to accommodate alternate work schedules, providing childcare at public meetings, or deploying effective surveys, polls, or online engagement activities that alleviate the need to travel.
- Encourage local leaders or service providers familiar to these population groups to be community liaisons for PRTPO, relying where possible on established information channels, networks, and groups to disseminate information and encourage participation. Where possible, try to establish and maintain long-term relationships with community leaders working with vulnerable populations with few transportation options.

PRTPO will make available Title VI information cards to participants in its community engagement activities that allow participants to self-report key demographic characteristics for use in Title VI reporting.

All of PRTPO's public participation activities are by necessity constrained by budget and staff resources and will be authorized by the Executive Board.

LIMITED ENGLISH PROFICIENCY

LEP individuals do not speak English as their primary language and have no ability or are limited in their ability to read, write, speak or understand English.

The U.S Department of Justice offers guidance on providing meaningful access to LEP individuals. The guidance suggests a "four-factor analysis" process to determine the number and proportion of individuals with LEP in the region and ways to cost effectively provide information services to these individuals. The guidance offers a threshold of five (5) percent of the affected population or 1,000 people in an affected area.

The four-factor analysis process includes:

- Determining the number and proportion of individuals with LEP within the affected population likely to be affected by a PRTPO work program activity or decision.
- Assessing the frequency with which individuals with LEP will come into contact with the program or activity.
- Evaluating the significance or consequential risk of the program to the lives of the individuals with LEP.
- Identifying appropriate resources to provide translation services relative to the magnitude of impacts or risks to be mitigated.

The PRTPO Title VI Coordinator is responsible for assessing LEP needs and recommending a public participation strategy to the Executive Board that meets the information needs of the affected LEP population. Where appropriate, Language Access Provisions will be identified. There are two languages with more than 1,000 individuals in the Region who do not speak English very well - Spanish and Tagalog.

When leading a planning effort in a community or part of the region with a large concentration of LEP individuals, PRTPO will translate vital meeting materials and planning documents as appropriate, including oral, written, and/or telephone-based translation services. Whether documents are considered vital will depend on the program or information involved and the consequences to the LEP person or community in question if the information is not provided in an accessible or timely manner.

Appendix C includes PRTPO's LEP Plan.

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI and other Non-discrimination requirements (The Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these non-discrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted program:

1. The Recipient agrees that each "activity," "facility," or "program," as defined in §§ 21.23(b) and 21.23(e) of 49 C.F.R. § 21 will be (with regard to an "activity") facilitated, or will be (with regard to a "facility") operated, or will be (with regard to a "program") conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. 4. The Recipient will insert the clauses of Appendix B of this Assurance, as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a Recipient.
5. That where the Recipient receives Federal financial assistance to construct a facility, or part of a facility, the Assurance will extend to the entire facility and facilities operated in connection therewith.
6. That where the Recipient receives Federal financial assistance in the form, or for the acquisition of real property or an interest in real property, the Assurance will extend to rights to space on, over, or under such property.

APPENDIX C: LEP PLAN

LEP PLAN: ASSESSMENT OF LIMITED ENGLISH PROFICIENCY IN THE PENINSULA REGION

INTRODUCTION

Peninsula Regional Transportation Planning Organization (PRTPO) follows guidance from the U.S. Department of Transportation and U.S. Department of Justice to ensure meaningful access to its programs and activities by individuals with Limited English Proficiency (LEP). LEP individuals are people five years of age and older who speak a language other than English at home and who speak English less than “very well.” This data is collected by the Census Bureau as a part of the American Community Survey (ACS).

LEP is not the same as speaking a language other than English at home. Thousands of people in the Peninsula Region speak other languages at home. The top five languages spoken at home in the Peninsula Region after English are, in order, Spanish, Tagalog, German, French, and Japanese.

This LEP Plan is concerned about those individuals who speak a language other than English AND speak English less than very well. The objective is to ensure PRTPO does not use language barrier in a discriminatory manner that violates the Title VI rights of LEP individuals, intentionally or unintentionally. Per federal guidelines, significant concentrations of LEP residents meriting closer attention are defined as five percent of the regional population or 1,000 individuals, whichever is smaller.

What does it mean to speak English less than “very well?”

When respondents indicate they speak a language other than English at home they are asked how well they speak English. Those who respond “very well” are not considered to be LEP. Those who respond “Well,” “Not Well,” or “Not at All,” are considered to have difficulty with English and are counted as LEP individuals.

REGIONAL ASSESSMENT OF LIMITED ENGLISH PROFICIENCY

The Peninsula Region is a four-county region including all of Clallam, Jefferson, Kitsap, and Mason Counties. Data used for this assessment is Census data from the American Community Survey (ACS) 2015 data set, the most current time period with substate-level data. As per federal guidance, the assessment used Table B16001, and data was extracted for the four counties making up the region.

Based on the ACS data set, 93% of the region speaks English at home. Thirty-seven different languages and groups of languages are spoken at home by the other 7% of residents but most of them speak English “very well.” Only 2% of the region’s residents speak a language other than English at home AND don’t speak English well.

No one LEP language accounts for five percent or more of the population in the Peninsula Region. However, two languages are spoken by more than 1,000 individuals who also speak English less than “very well” - Spanish and Tagalog. Those are the two language groups that PRTPO identified for four-factor analysis. Four-factor analysis is recommended for assessing the significance of language barriers to the affected populations and determining what reasonable steps PRTPO should take to ensure meaningful access to its regional planning activities by those who speak English less than “very well.”

The four factors include:

1. The number or proportion of LEP individuals likely to be affected by a PRTPO regional work program activity or decision.

- 4,785 people are Spanish-speaking LEP individuals (1.2% total Peninsula Region population)
- 1,514 people are Tagalog-speaking LEP individuals (0.4% total Peninsula Region population)

2. The frequency with which LEP individuals who speak Spanish or Tagalog are likely to come into contact with any PRTPO work program activity.

The likelihood of direct contact between LEP individuals in these groups and PRTPO regional planning activities is minimal due to the nature of PRTPO's responsibilities and budget.

Every four years an update of the Human Services Transportation Plan strives to engage service providers who work with vulnerable communities, including those supporting LEP individuals. It includes some engagement with individuals, but extensive individual engagement is not practical due to the nature of the plan, its purpose, and its budget.

Similarly, PRTPO conducts updates of its 20-year Regional Transportation Plan, a policy and long-range planning guidance document. As a part of this process PRTPO typically hosts public meetings around the region to review and comment on the draft plan but individuals are not typically involved in developing the plan, whether they are LEP individuals or not.

3. The nature of PRTPO work program activities and the likely direct consequential risk or benefits they might have on the lives of LEP individuals.

There is insignificant consequential risk or disparate opportunities for these LEP individuals associated with the activities that PRTPO undertakes as a part of its on-going work program and community planning activities.

4. Resources available to ameliorate impacts and the cost to PRTPO of deploying those resources relative to the magnitude of impacts to be mitigated or avoided.

PRTPO will translate vital meeting materials and planning documents as appropriate, including oral, written, and/or telephone-based translation services when requested. Whether documents are considered vital will depend on the program or information involved and the consequences to the LEP person or community in question if the information is not provided in an accessible or timely manner. PRTPO will make every effort to ensure equitable access to information that allows LEP individuals to participate in the regional planning process and provide input to PRTPO decisions.

When PRTPO conducts more extensive community-based planning activities, its Public Participation Protocols call for development of specific engagement plans for each process. LEP data suggests that any such plans include Language Access Provisions for Spanish-speaking LEP populations in the vicinity of Forks and Shelton, and for the Tagalog-speaking LEP population in Bremerton.

APPENDIX D: TITLE VI APPROVAL

ACTION ITEM

To: PRTPO Executive Board
From: Edward Coviello and Thera Black, PRTPO Coordinators
Date: August 20, 2021
Subject: Approval of PRTPO Title VI Plan for the Peninsula Region

REQUESTED ACTION:

Approve the PRTPO Title VI Plan for the Peninsula Region.

Overview

In June the Board reviewed a draft of the PRTPO Title VI Plan. It is the first update of the Title VI Plan since 2015. It reflects the organization's new structure and complies with the most recent guidance from WSDOT's Office of Equal Opportunity (OEO) that oversees Title VI compliance.

Title VI of the Civil Rights Act of 1964 and related statutes and regulations stipulate that "no person shall, on the grounds of race, color, sex, or national origin, be excluded from the participation in, be denied the benefits of, or be otherwise subjected to discrimination under any Federal Highway Aid (FHWA) program or other activity" for which PRTPO receives federal financial assistance in the future.

The updated document reflects the current guidance and format recommended by the OEO in March 2021. It is written to comply with requirements in federal statutes and includes language specific to those statutes. It includes assurances that PRTPO is committed to non-discrimination, identifies Title VI considerations by program area, spells out the procedures by which individuals can lodge complaints that their Title VI protections have been violated, and clarifies the complaint investigation process if complaints are lodged against PRTPO. It includes a Limited English Proficiency (LEP) Plan that identifies two LEP population groups in the region (Spanish and Tagalog) and measures to ensure language is not a discriminatory barrier to participation in PRTPO's regional planning process. The Title VI Plan complements PRTPO's Public Participation Protocols which were adopted by the Board in June.

The draft plan was sent to WSDOT in June and posted on the PRTPO website for review until August 6th. No comments were received.

ACTION: Mr. Neatherlin moved, and Ms. Dean seconded to approve the agenda. The motion passed unanimously.

Chair Ashby requested that the Title VI Plan be pulled from the Consent Agenda and handled as a stand-alone action item.

Consent Agenda

ACTION: Mr. Neatherlin moved, and Ms. Anderson seconded to approve the Consent Agenda as revised. The motion passed unanimously.

- *Corrected minutes from June 18, 2021 Executive Board Meeting*
- *SFY 2021 4th Quarter Invoice*

Title VI Plan

Chair Ashby explained that she pulled the Title VI plan from the Consent Agenda due to the nature of the document. She wanted to be sure Executive Board members understand its function and have an opportunity to ask any questions. Ms. Black provided a summary overview of the document and its role in PRTPO's work program. She noted that after the Board reviewed the draft plan in June it was sent to WSDOT's Office of Employment Opportunity and posted on PRTPO's website for review and comment. No comments were received. Upon the Board's approval, the final will be sent to WSDOT.

ACTION: Mr. Meyer moved, and Mr. Stern seconded to approve the PRTPO Title VI Plan for the Peninsula Region. The motion passed unanimously.

Draft UPWP Development Policy – 1st Reading

This is the last of the operational policies and procedures identified in PRTPO's by-laws and completed throughout the transition period. The UPWP Development Policy lays out the procedures by which the Executive Board will develop a work plan and budget, and how it will be amended on both a regular and irregular basis. The Unified Planning Work Program, or UPWP, is PRTPO's adopted work plan and budget. Ms. Black noted this is a first reading and discussion by the Board. It will come back to the Board for approval in October. No changes were offered.

Update on SFY 2022-23 UPWP Funding

Chair Ashby briefed the Board on the status of \$80,000 in work program funding for human services transportation planning that is identified in the adopted UPWP. She reminded Board members that in June PRTPO was notified this would be federal funding from FTA, not state funds as PRTPO had assumed. Federal funds entail different accounting and reporting responsibilities than state funds and raise a number of concerns for the Fiscal Agent. Because of timing, the Board approved the UPWP as presented in June with the understanding that work would be done to resolve this issue.

Effort is still underway to resolve outstanding concerns. A meeting is scheduled for August 23rd with representative from WSDOT's Public Transportation Division, which awarded PRTPO the funds, and the Tribal and Regional Integrated Planning (TRIP) Office, which oversees PRTPO's UPWP and awards it state funding for the on-going work program.

Chair Ashby explained that the cleanest resolution for PRTPO will be for WSDOT to convert the funds to state revenue and administer it through the TRIP Office. There may be other strategies for administering the funds

that can be considered. Key is to ensure that additional accounting and reporting requirements do not overburden the Fiscal Agent or jeopardize the ongoing working relationship with Jefferson Transit. There were no questions. Chair Ashby said the Executive Committee will report back in October.

Participation in US Bike Route System Designation

Ms. Black briefed the Board on early investigations by the TAC into potential designation of the Olympic Discovery Trail and other connecting facilities as part of the US Bike Route System (USBRS). She reported that two work sessions were convened for the TAC in May and July to explore what USBRS designation entails, potential benefits, responsibilities, liabilities, and other considerations local agencies must make before deciding whether to pursue USBRS designation now or in the future.

At the conclusion of the second work session, in July, TAC members determined that while there is some interest, city, county, and tribal members needed time to vet the idea internally with their respective organizations and determine if USBRS designation is a priority at this time. This will come back to the TAC for further discussion in the fall, at which time the Board will be briefed and if warranted, presented with a proposal to support local efforts at the regional level.

Ms. Dean pointed out alignment between USBRS and the Great American Rail-Trail (GART), another interstate trail initiative aiming to connect all fifty states via bike trails. Jefferson County is likely interested in USBRS designation but may not have time for this right now. Mr. Forte expressed concern about USBRS interests derailing local plans and project priorities and advocated for greater analysis at the local level.

WSDOT Projects Proposed for 2022-2027 RTIP

This was an annual review of WSDOT Olympic Region projects ahead of the Board's review and approval of the Regional Transportation Improvement Program in October. Mr. Engel introduced Kate Fauver, his planning colleague from Olympic Region who helped prepare the presentation. Mr. Engel provided the Board with a county-by-county overview of the various projects WSDOT will include in its next Transportation Improvement Program and expects to launch over the next four years. He responded to member questions about individual projects and schedules.

2022 Legislative Session – Materials and Process

Board members received a draft cover letter for the 2022 legislative folio. Chair Ashby explained that it reflected the work of a small Legislative Work Group that met in early July and provided edit reviews by email. It is based on last year's letter, updated and reformatted to make it more action oriented. Ms. Black reported that she will send out a request for updated project list information, which will be discussed by the TAC and brought back to the Board for final review and approval in October. The current infographics will be updated slightly.

When it met in July, the Work Group discussed the effectiveness of last year's forums and the level of participation. It was proposed that this year PRTPO convene one regional forum, not three, and organize the one forum around the availability of the region's legislators who serve on the House or Senate Transportation Committees, since these are the legislators who participated last year. All legislators would be invited but the schedule would target those most likely to be interested in transportation issues. Board members agreed that one forum is appropriate. Ms. Dean added that it would be good for those legislators who may be far apart on other issues to come together around those of regional importance.

Chair Ashby asked if the cover letter hits the right messages and if anything is missing. Ms. Dean observed that it makes no mention of ferries. Given the significance of the marine highway system to the region's overall mobility, it would be worthwhile to highlight the importance of vessel replacement. No other topics were suggested for inclusion.

Members expressed interest in updating projects. Ms. Black reported that she would send an email request out to members before Labor Day with a request for project information. Mr. Forte advised that members might want to identify projects that have not yet secured funding since this is a way of bringing attention to them. Mr. Neatherlin reminded members that funded projects get deferred sometimes or defunded, so in some cases it does make sense to include funding secured projects until they are actually underway.

Status Update on Federal Infrastructure Funding

Ms. Black reported to the Board on key elements of the Infrastructure Investment and Jobs Act of 2021 and provided a breakdown of the Surface Transportation Reauthorization Act that is embedded in the primary bill. Mr. Stern added more context to the broadband element and reported on activities underway in Washington state in preparation for this funding. Mr. Duff reported that Senator Cantwell championed several provisions of the infrastructure package including more funding for culvert replacements and habitat restoration. He provided a link to the Senator's press release on the infrastructure package in the Chat Log [[https://www.cantwell.senate.gov/news/press-releases/cantwell-outlines-big-wins-for-washington-states-infrastructure-salmon-economy-\]](https://www.cantwell.senate.gov/news/press-releases/cantwell-outlines-big-wins-for-washington-states-infrastructure-salmon-economy-)]

PRTPO Meeting Format Post-COVID

Chair Ashby explained the Executive Committee and PRTPO Coordinators continue to monitor conditions in anticipation of returning to some in-person meetings in the future. The memo outlines the proposed approach, beginning in 2022, of conducting two meetings a year in person and Zoom video-conference meetings the rest of the year. The current spike in infections suggests that no in-person meetings will be held the rest of this year.

Coordinators Report

Ms. Black highlighted topics on the Coordinators Report and invited members or their staff or colleagues to follow up with her if there are questions on specific topics.

Public Comments

There were no public comments.

Member Updates

Members shared updates on activities of interest to the Board.

- Mr. Forte reported that the Gorst Coalition had its kick-off meeting the previous week. It was well-attended, including several people on the Board. Chair Ashby observed that the event timing and location – 4:00 pm at the Subaru dealership – impressed upon everyone attending how bad the problem is.
- Ms. Clark-Getzin reported that Jefferson County Public Works submitted a successful proposal for the Little Quilcene River Bridge Rehabilitation Project. The County received full funding for both the PE and CN phases of this work. She explained that weight restrictions are currently in place because of the bridge's poor condition. The funding package will enable Jefferson County to complete the bridge reconstruction and eliminate weight restrictions ahead of WSDOT's US 101 project.
- Ms. Dean, in her capacity as Chair of the Jefferson Transit Authority, reported on the new service that will connect Port Townsend to the Kingston Ferry Terminal with limited stop, fairly direct express service beginning on October 1st. This will provide an important connection between Port Townsend and the urban services and jobs accessible via the ferry.

Adjourn

There being no other business, Chair Ashby adjourned the meeting at 11:50.

Public Participation Protocols

Public Participation Protocols

Creating Opportunities for Public Involvement in Regional Transportation Planning

INTRODUCTION

This documents the protocols Peninsula Regional Transportation Planning Organization (PRTPO) follows in its public participation activities. The intent is to provide the public with timely access to useful information and create meaningful processes that allow interested members to participate fully in the regional transportation planning process.

Following is a brief overview of PRTPO and its responsibilities as a state-designated Regional Transportation Planning Organization (RTPO). This important context is followed by public information and engagement protocols for the various activities in which PRTPO is involved.

PRTPO Overview

PRTPO is a 27-member special-purpose planning organization of local, tribal, and state governments working together under a mutual Interlocal Agreement to address transportation issues and opportunities facing the Peninsula Region. Created in 1991 as authorized by Chapter 47.80 of the Revised Code of Washington (RCW), PRTPO was re-established as an independent entity on July 1, 2019 after almost 30 years of administration by the Olympic Region of the Washington State Department of Transportation (WSDOT).

The Peninsula Region encompasses all of Clallam, Jefferson, Kitsap, and Mason Counties. PRTPO members represent four counties, nine cities, five tribes, four transit agencies, four port districts, and WSDOT. This map highlights the geography and communities within the region.

PRTPO is responsible for fulfilling all requirements of a Regional Transportation Planning Organization (RTPO) outlined in Chapter 47.80 RCW and in Chapter 468-86 of the Washington Administration Code (WAC). PRTPO receives a biennial allocation of about \$275,000 in state funds with which to do its work.

PUBLIC INFORMATION AND ENGAGEMENT

PRTPO is committed to providing timely access to information and conducting its processes in ways that support broad public participation in regional transportation planning. PRTPO is a public entity. Its meetings and events comply with requirements of Washington's Open Public Meetings Act, Chapter 42.30 RCW.

PRTPO covers a large region. It does so with limited resources. For that reason, PRTPO relies on electronic communications and technology as much as possible and works to support virtual engagement opportunities that enable participation without necessitating travel.

This is a highly rural region, though; many people do not yet have access to broadband internet that makes virtual participation possible. Technology itself is a barrier for others. These are on-going considerations in how PRTPO approaches communication and engagement for its various processes.

These protocols represent best practices PRTPO strives to maintain, but its work and the opportunities for community engagement are tightly constrained by budget and staff resources. While PRTPO strives to fully satisfy these protocols, failure to comply with any provision does not by itself constitute a failure of public process nor does it render any actions or decisions by the Executive Board invalid.

This next section describes the means by which PRTPO shares information with the general public. That is followed by the engagement protocols PRTPO practices in its core work program and other activities.

Core Work Program Activities – Public Information Protocols

Following are the primary means by which PRTPO conveys information to the public.

PRTPO Website

PRTPO maintains a website at [PRTPO.org](https://www.prtpo.org). PRTPO relies on the website as its primary information portal for members and the community. The website hosts meeting materials, documents, and other resources of value to PRTPO members and the traveling public. It includes contact links to PRTPO Coordinators who can answer questions and offer more information or provide documents in alternate formats.

Email Distribution Lists

PRTPO maintains a distribution list of individuals and organizations wishing to be kept apprised of meetings and other regional planning activities. This is the primary means of distributing meeting agenda packets, direct notices of events or opportunities, emerging news on topical issues, and other kinds of information appropriate for broad dissemination. When appropriate, topic-specific lists are developed to support a particular planning process or specialized subject-matter topic.

A [Contact Us link](#) on PRTPO's website allows visitors to sign up for future notices, ask questions, or request further information. This is promoted heavily PRTPO Coordinators, whose contact information is prominently displayed on the website. People can also request to receive future information when they sign into in-person meetings or contact PRTPO staff or policymakers.

Legal Notices

When PRTPO is contemplating an action that entails a public hearing it publishes a legal notice inviting public comment on the proposed action in the newspapers of public record. PRTPO recognizes the following as its official newspapers of public record:

- Shelton-Mason County Journal
- Kitsap Sun
- Port Townsend – Jefferson County Leader
- Sequim Gazette (Sound Publishing)
- Peninsula Daily News – Clallam & Jefferson County Editions (Sound Publishing)

PRTPO YouTube Channel

Video offers an increasingly viable option for communicating with the public. The [PRTPO YouTube channel](#) hosts short videos that support program activities, with links from the PRTPO website.

All materials intended for general public information or to support any kind of engagement process will be clear and understandable for the audience and intended purpose. PRTPO works to incorporate visualization when possible, including traditional maps and multi-media story maps, infographics, and other means of translating technical information for a lay audience. While complete avoidance of technical terms and acronyms is not practical, unnecessary jargon is avoided.

Core Program Activities – Public Engagement Protocols

Following are the primary opportunities for public engagement in PRTPO activities.

Executive Board Meetings

The Executive Board is the decision-making body for PRTPO. The Executive Board meets bi-monthly on the third Friday from 10:00 – 12:00. Meetings are open to the public. Every regular meeting agenda includes time for public comments.

The schedule of regular meetings for each year is set at the Executive Board’s final meeting of the calendar year and is posted on the [Meetings](#) page of PRTPO’s website.

Executive Board meetings are conducted virtually during pandemics or other instances when in-person meetings are not feasible. When post-pandemic in-person meetings resume, PRTPO intends to retain virtual access to its meetings to support participation without the barrier of travel time and distance. The desired format will coordinate video conferencing and phone-in access with in-person attendance. Details of this hybrid in-person/virtual meeting format will be developed in compliance with all requirements of Washington’s Open Public Meetings Act.

Agenda and meeting materials are released electronically one week before the meeting and include details on the date, time, location, and any login information needed to access the meeting. Agenda packets are posted on the *Meetings* page of PRTPO’s website and distributed directly to those on PRTPO’s notification list via email.

The Executive Board is advised by a Technical Advisory Committee, an Executive Committee, and various ad hoc subcommittees as warranted. PRTPO committees and subcommittees are advisory to the Executive Board, which retains all decision-making authority. The PRTPO may make meeting materials available online to support participation of committee members, and may encourage outside participation, but these internal advisory working groups are not subject to the same Open Public Meetings Act requirements as the Executive Board. PRTPO Coordinators can offer more information to those interested in the working activities of the various committees.

Community Meetings

Community meetings provide important opportunities for policymakers and staff to talk with members of the public and representatives from different constituencies to hear how issues, plans, or policies affect the people directly involved. While community meetings are tailored to individual planning process needs, each is designed to ensure engagement is occurring during the formative stage(s) of each process.

PRTPO works to ensure that its in-person community meetings are geographically dispersed across the four-county region. This typically means a minimum of four events across the region for a single topic or planning process. Every effort is made to secure accessible event locations with convenient transit service, and to schedule events so that people have a window for participating at different times of day.

PRTPO will consider opportunities to conduct virtual community meetings in the future. This includes potential use of online surveys, comment tools, and other virtual engagement techniques that facilitate the sharing of information and collection of input and ideas from the public. As noted earlier, large parts of the region do not have broadband internet access. This means that if PRTPO hosts online virtual community engagement events it will also identify appropriate means of engaging the interests of those who are likely to be under-represented given the planning topic.

In addition to its own meetings, PRTPO staff and policymakers are available on request to meet with community groups to discuss regional planning topics of interest to the group.

Public Hearings

PRTPO conducts public hearings before adopting or making changes to its long-range Regional Transportation Plan (RTP) and its Human Services Transportation Plan (HSTP).

Public notices are posted a minimum of two weeks before the hearing, which is typically conducted as a part of the regularly scheduled PRTPO Executive Board meeting. Legal notices are posted in the newspapers of record and on the PRTPO website.

Public testimony may be made in person as well as in writing or via email. Comments received in writing or via email are presented to the Executive Board for consideration during its review of testimony. PRTPO acknowledges receipt of all comments received during public hearings, which become part of the public record for that activity or document.

Special Meetings

At times PRTPO may convene a special meeting of the Executive Board. Every attempt will be made to announce such a meeting at least five days in advance though shorter notice may be necessary depending on the nature of the meeting. Public notices of special meetings are posted on the PRTPO website, distributed through PRTPO's notification list, and filed with local newspapers providing general circulation. Opportunity for public comment at special meetings is dependent on the situation necessitating such a meeting.

Major Plans and Studies

PRTPO must undertake major updates to its core planning documents periodically. This includes amendments, updates, or new versions of the RTP and HSTP. These updates, and other major planning studies, are announced through PRTPO's website and its notification lists as well as press releases and other announcements appropriate to the work being done.

Major plans and studies often warrant an integrated public involvement strategy as a part of the process. Activities are scoped and implemented with an eye towards engaging the region's diverse community early and often in accordance with the overall planning effort and available resources.

Where appropriate PRTPO engages organizations that work with specific populations or interests. PRTPO recognizes the value of trusted representatives in gleaned critical insights about diverse population groups, such as those gained from transit and non-profit service providers working with the region's most vulnerable residents.

Relationship to PRTPO's Title VI and Environmental Justice Responsibilities

PRTPO maintains a separate Title VI Plan that complies with federal requirements concerning non-discrimination in programs and activities. Nothing in these protocols contradicts those requirements.

Revisions to Public Participation Protocols

PRTPO will periodically revisit these protocols and update them as warranted to accommodate evolving communications and information technologies and updates to the Open Public Meetings Act, with an aim to ensure timely and reasonable public access to PRTPO's regional transportation planning program.

Regional Transportation Plan Biennial Review & Certification

PRTPO Biennial Currency Review of the 2040 Regional Transportation Plan

PRTPO's 2040 Regional Transportation Plan (RTP) was adopted by the Executive Board in October 2019. Per a statutory requirement in the Revised Code of Washington (RCW) 47.80.030(2), PRTPO must review the RTP every two years for currency and forward this biennial review to the Washington State Department of Transportation (WSDOT). That is the rationale for this 2021 biennial currency review.

2021 Statement of Currency

PRTPO's 2040 Regional Transportation Plan is current with all state requirements and continues to support the Executive Board's on-going planning and decision-making processes. No update to the long-range plan is warranted at this time.

The next biennial review will occur in late 2023.

Biennial Review Documentation

PRTPO's 2021 biennial review involves two tests to demonstrate that the RTP adopted in October 2019 is still current and useful for its intended purpose:

1 – It continues to comply with RCW and WAC requirements

2 – It continues to support PRTPO's work program and decision-making activities

The following brief documents findings of the biennial currency review.

1. Currency with RCW and WAC Requirements

Requirements spelled out in RCW 47.80.030 and in WAC 468-86-080 through 468-86-140 describe the elements of a statutorily compliant Regional Transportation Plan for state RTPOs. This biennial currency review of PRTPO's 2040 RTP looks for regionally significant changes in the last two years that render some or all of the required elements in the existing RTP outdated and thus meriting an update. Statutory requirements are summarized below. Reviewers wishing to read the full legislative language as well as the Growth Management Act implementing legislation governing the corresponding local planning processes are encouraged to follow the above links to the Washington State legislative website.

a. Identify existing and planned facilities of regional significance

Have plans for new regionally significant facilities been developed in the last two years that were not included in the RTP and now warrant an update for the RTP to remain relevant and useful for PRTPO?

No new plans for regionally significant facilities or services have been introduced in the last two years.

b. Establish level of service for state highways of regional significance

Have changes been made to LOS standards on state highways of regional significance in the last two years that warrant a plan update for the RTP to remain relevant and useful for PRTPO?

No changes have been made to established Level of Service standards on state highways of regional significance in the last two years.

c. Include a financial plan

Have significant changes occurred in the last two years that warrant updates to the financial plan for the RTP to remain relevant and useful for PRTPO?

No significant changes to revenue sources or likely availability of project funds have occurred in the last two years that can be reasonably forecasted in the RTP.

d. Promote preservation and efficiency of existing system

Have any changes in the last two years reduced the RTP's support for system preservation and efficiency such that it needs to be updated to support PRTPO decision-making?

The RTP continues to emphasize the importance of system preservation and efficiency.

e. Regional transportation goals and objectives

Have significant changes occurred in the last two years that warrant updates to any of the RTP goals and objectives for the RTP to remain relevant and useful for PRTPO?

PRTPO policy makers regularly use the RTP to inform on-going transportation planning and decision-making processes, to promote regional perspectives, to encourage partnerships and collaboration between local, state, and tribal governments, and to support public education and involvement. The current RTP supports Executive Board decisions about work program development (e.g. EV readiness, system resiliency), legislative priorities, and other regional transportation planning concerns relevant to PRTPO members.

f. Regional transportation strategy

Have significant changes occurred in the last two years that warrant updates to the regional transportation strategy for the RTP to remain relevant and useful for PRTPO?

No changes to the transportation strategy or fundamental approach to coordinated regional transportation planning have been introduced in the last two years.

g. Needs, deficiencies, data requirements, and assumptions

Have significant changes occurred in the last two years that warrant updates to any of these elements for the RTP to remain relevant and useful for PRTPO?

- o Existing regional transportation facilities and services
- o Identification of regional transportation needs
- o Forecasts of future travel demand
- o Future regional transportation system deficiencies
- o Common regional assumptions used for modeling purposes

No significant changes have undermined the inventory and assessments of the existing RTP, nor have pronounced shifts in travel mode or demand materialized sufficiently to support any kind of long-range forecast update for the region.

Have new performance monitoring metrics been identified to augment traffic volumes and vehicle miles of travel (VMT), which the RTP already includes?

No new regional performance metrics have been introduced in the last two years.

Have regional growth patterns changed sufficiently that the RTP is no longer consistent with local Comprehensive Plans?

No regionally significant changes to local land use plans were proposed in the last two years.

h. Least cost planning

Have significant changes occurred in the last two years that warrant updates to PRTPO's least cost planning approach for the RTP to remain relevant and useful for PRTPO?

PRTPO's advocacy for responsible, cost-effective strategies and investments, including emphasis on system preservation and multimodal efficiency, is still appropriate for the region.

2. Support for PRTPO Work Program and Decision-Making

The second test to demonstrate currency of the existing RTP is whether it adequately supports the Executive Board in developing the regional transportation work program and in its decision-making processes.

a. Work Program Support

Demonstration of how the RTP supports the on-going regional transportation work program is evident in the commitment PRTPO has made to RTP follow-up planning activities in the areas of climate response and system resilience.

- With its modest planning budget PRTPO is convening a diverse group of regional stakeholders in exploring and pre-positioning for grants to expand the region's capacity to support electric vehicles (EV) and other zero-emissions mobility options in the future.
- PRTPO established an online EV resource portal to support the work of its members and other agencies working to establish a regional network of charging facilities across the Olympic and Kitsap Peninsulas.
- PRTPO supports efforts of the WA Department of Fish & Wildlife in obtaining construction funds to elevate US 101 six feet over the Duckabush River estuary, restoring vital salmon habitat and increasing the seismic and inundation resilience of the vital US 101 route.

The RTP clearly provides guidance that supports practical and meaningful planning activities that are feasible within PRTPO's financially constrained work plan, the SFY 2022-2023 UPWP.

The UPWP also identifies some Unfunded Needs derived from the RTP that could be undertaken with additional resources, including efforts to enhance multimodal resilience, expand rural intercity bus travel, increase multimodal system safety, and innovations to reduce greenhouse gas emissions in rural and small urban settings. These can all be traced back to recommendations and public input on the 2040 Regional Transportation Plan and will be pursued by PRTPO or other partners as funding allows. This further demonstrates the currency and usefulness of the 2040 RTP to PRTPO in identifying planning activities that can support regional planning objectives.

b. Decision-making Support

Demonstration of how the RTP supports Executive Board decision-making is evident in the Transportation Outlook priorities PRTPO develops annually to educate legislators about regional concerns. Consistent with the RTP, Board priorities include stable and reliable funding for system preservation, support for ferry vessel replacement and operations, coordination with WSDOT to get funding support for important state projects, and more efficient use of existing resources. Funding concerns of local agencies reflected in the RTP drives PRTPO support for more efficient and flexible use of federal funds for small local projects. And the Board continues to promote support for EV readiness and system resilience as well as universal broadband access with its legislative delegation.

All projects identified in the 2022 Transportation Outlook are consistent with and supportive of the RTP. The Board has identified no regional policy concerns or priority project needs that conflict with or are inconsistent with the RTP. The RTP continues to adequately support Executive Board decision making and inform its communications and information outreach.

All equipment must be purchased, managed, and disposed of in accordance with state law and with Title VI of the Civil Rights Act. All purchased equipment shall only be used for the sole purpose of regional transportation planning activities. Any equipment on hand at the completion of the work shall become property of the state.

7. No obligation of the State. The PRTPO, the AWC GIS Consortium, and FLO acknowledge and agree that absent the express written consent by WSDOT, the state is not a party to this Contract and shall not be subject to any obligations or liabilities to the PRTPO, the AWC GIS Consortium, FLO or any other party pertaining to any matter resulting from this Contract.

This provision is required to be included in any subcontract entered into by the AWC GIS Consortium, FLO or any sub-Contractor to carry out this Contract.

8. Non-Discrimination. In all purchases, the PRTPO shall not discriminate on the basis of race, creed, color, religion, national origin, age, sex, marital status, sexual orientation, veteran status, disability, or other circumstance prohibited by federal, state, or local law, and shall comply with Washington's Law Against Discrimination (RCW 49.60.030), Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, and all applicable requirements of any other nondiscrimination statute.
9. Compliance. The AWC GIS Consortium and FLO agree to comply with all applicable federal, state, and local laws in the performance of this Contract.

INDEPENDENT AUDITOR'S REPORT

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Peninsula Regional Transportation Planning Organization July 1, 2019 through June 30, 2020

Executive Board
Peninsula Regional Transportation Planning Organization
Port Townsend, Washington

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Peninsula Regional Transportation Planning Organization, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Council's financial statements, and have issued our report thereon dated May 24, 2021.

We issued an unmodified opinion on the fair presentation of the Council's financial statements in accordance with its regulatory basis of accounting. We issued an adverse opinion on the fair presentation with regard to accounting principles generally accepted in the United States of America (GAAP) because the financial statements are prepared by the Council using accounting practices prescribed by state law and the State Auditor's *Budgeting, Accounting and Reporting System* (BARS) manual described in Note 1, which is a basis of accounting other than GAAP. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As discussed in Note 5 to the 2020 financial statements, the full extent of the COVID-19 pandemic's direct or indirect financial impact on the Council is unknown.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Council's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Council's

internal control. Accordingly, we do not express an opinion on the effectiveness of the Council's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Council's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Council's financial statements are free from material misstatement, we performed tests of the Council's compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Council's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. However,

this report is a matter of public record and its distribution is not limited. It also serves to disseminate information to the public as a reporting tool to help citizens assess government operations.

INDEPENDENT AUDITOR'S REPORT

Report on the Financial Statements

Peninsula Regional Transportation Planning Organization July 1, 2019 through June 30, 2020

Executive Board
Peninsula Regional Transportation Planning Organization
Port Townsend, Washington

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the Peninsula Regional Transportation Planning Organization, for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Council's financial statements, as listed on page 10.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions of state law and the *Budgeting, Accounting and Reporting System* (BARS) manual prescribed by the State Auditor described in Note 1. This includes determining that the basis of accounting is acceptable for the presentation of the financial statements in the circumstances. Management is also responsible for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control

relevant to the Council's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Council's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Unmodified Opinion on Regulatory Basis of Accounting (BARS Manual)

As described in Note 1, the Peninsula Regional Transportation Planning Organization has prepared these financial statements to meet the financial reporting requirements of state law using accounting practices prescribed by the State Auditor's *Budgeting, Accounting and Reporting System* (BARS) manual. Those accounting practices differ from accounting principles generally accepted in the United States of America (GAAP). The differences in these accounting practices are also described in Note 1.

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash and investments of the Peninsula Regional Transportation Planning Organization, and its changes in cash and investments, for the year ended June 30, 2020, on the basis of accounting described in Note 1.

Basis for Adverse Opinion on U.S. GAAP

Auditing standards issued by the American Institute of Certified Public Accountants (AICPA) require auditors to formally acknowledge when governments do not prepare their financial statements, intended for general use, in accordance with GAAP. The effects on the financial statements of the variances between GAAP and the accounting practices the Council used, as described in Note 1, although not reasonably determinable, are presumed to be material. As a result, we are required to issue an adverse opinion on whether the financial statements are presented fairly, in all material respects, in accordance with GAAP.

Adverse Opinion on U.S. GAAP

The financial statements referred to above were not intended to, and in our opinion they do not, present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Peninsula Regional Transportation Planning Organization, as of June 30, 2020, or the changes in financial position or cash flows thereof for the year then

ended, due to the significance of the matter discussed in the above “Basis for Adverse Opinion on U.S. GAAP” paragraph.

Matters of Emphasis

As discussed in Note 5 to the 2020 financial statements, the full extent of the COVID-19 pandemic’s direct or indirect financial impact on the Council is unknown. Our opinion is not modified with respect to this matter.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated May 24, 2021 on our consideration of the Council’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Council’s internal control over financial reporting and compliance.

For Fiscal Year - July 1, 2019 through June 30, 2020 (MCAG 3232)

Note 1 – Summary of Significant Accounting Policies

The Peninsula Regional Transportation Planning Organization is a regional planning organization created under Chapter 47.80 RCW in 1991 and operates under the laws of the state of Washington applicable to a Regional Transportation Planning Organization. The PRTPO is a special purpose planning organization made from a voluntary association of cities, towns, counties, ports, transit agencies and tribes from the Olympic Peninsula Region of Washington State. The following local governments, tribes and agencies belong to the PRTPO through an Interlocal Agreement:

Clallam County	Clallam Transit
Jefferson County	Jefferson Transit
Kitsap County	Kitsap Transit
Mason County	Mason Transit
City of Bainbridge Island	WSDOT, Olympic Region
Bremerton	Hoh River Tribe
Forks	Jamestown S'Klallam Tribe
Port Angeles	Lower Elwha Klallam Tribe
Port Orchard	Makah Tribe
Port Townsend	Port Gamble S'Klallam Tribe
Poulsbo	Quileute Tribe
Sequim	Squaxin Island Tribe
Shelton	Skokomish Tribe
Port of Allyn	Suquamish Tribe
Port of Bremerton	
Port of Port Angeles	
Port of Shelton	

The PRTPO reports financial activity in accordance with the *Cash Basis Budgeting, Accounting and Reporting System (BARS)* Manual prescribed by the State Auditor's Office under the authority of Washington State Law, Chapter 43.09 RCW. This manual prescribes a financial reporting framework that differs from generally accepted accounting principles (GAAP) in the following manner:

- Financial transactions are recognized on a cash basis of accounting as described below.
- Government-wide statements, as defined in GAAP, are not presented.
- All funds are presented, rather than a focus on major funds.
- Supplementary information required by GAAP is not presented.
- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

Financial transactions of the PRTPO are reported in an individual fund. This fund uses a separate set of self-balancing accounts that comprises its revenue and expenditures. The PRTPO’s resources are allocated to and accounted for in an individual fund for the purpose of performing transportation planning and administrative duties. The General fund is reported below.

General Fund

This fund is the primary operating fund of the government. It accounts for all financial resources.

B. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received and expenditures are recognized when paid.

In accordance with state law the PRTPO also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

Note 2 – Budget Compliance

Budgets

The PRTPO adopts biennial appropriated budgets for the general fund based on funds granted through the Washington State Department of Transportation (WSDOT). The budgets are appropriated at the fund level for planning projects. The budget constitutes the legal authority for expenditures on those planning projects. Biennial appropriations for these funds lapse at the fiscal year end. Biennial appropriated budgets are adopted based on the same basis of accounting as used for financial reports.

The appropriated and actual expenditures for the legally adopted budget in the General Fund were as follows:

FY 2020/2021 Biennial Appropriation	FY 2020 Budget	Actual FY 2020 Expenditures (Cash Basis)	4 th Qtr 2020 Expenditures (Late July 2020)	Variance/ Balance	Balance for FY 2021 Budget
\$304,143	\$152,071	\$93,710	\$26,288	\$32,073	\$184,145

Any revisions that alter the expenditures for the planning projects, or alter the total expenditures of the fund must be approved by the PRTPO Executive Board.

Note 3 – Deposits and Investments

PRTPO has an Inter-local Agreement with Jefferson Transit Authority (JTA) to provide Fiscal Agent duties. JTA utilizes the Jefferson County Treasurer for PRTPO deposits. JTA invoices WSDOT for planning services quarterly. PRTPO does not carry a cash balance in the fund as all payments from WSDOT are in turn paid to service providers.

PRTPO's deposits are entirely covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (WPDPC) and this not subject to custodial credit risk.

Note 4 – Accounting and Reporting Changes

Effective July 1, 2019 the Peninsula Regional Transportation Planning Organization (PRTPO) began operating as an independent transportation planning organization for the first time in 30 years, creating a new financial reporting entity for the state of Washington. In coordination with WSDOT, who previously administered the PRTPO, a framework for regional transportation planning collaboration has been established. Through Inter-local Agreements Kitsap Transit has assumed the duties of Lead Planning Agency, and Jefferson Transit Authority has assumed the duties of Fiscal Agent.

Note 5 – Risk Management

The PRTPO risk exposure is limited to errors and omissions. The PRTPO purchases a policy for Errors and Omission coverage through the Association of Washington Cities –Risk Management Service Agency (AWC-RMSA).

Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC RMSA was formed on January 1, 1989, when 32 municipalities in the State of Washington joined by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of December 31, 2019, 100 municipalities/entities participate in the AWC RMSA pool.

The AWC RMSA allows members to establish a program of joint insurance and provides risk management services to all members. All coverages, with the exception of pollution liability, are on an occurrence basis. The AWC RMSA provides all risk property, comprehensive crime, general liability, automobile liability, police liability, public officials' liability, employee fidelity and faithful performance, pollution liability, cyber liability, and equipment breakdown insurance coverage. Equipment breakdown is included with the property insurance carrier and fidelity (crime), pollution liability, and cyber liability coverages are stand-alone policies, which the AWC RMSA procures for its members. The AWC RMSA also allows members with airports to group purchase airport liability coverage.

Members pay an annual assessment to the AWC RMSA. The AWC RMSA is responsible for payment of all covered causes of loss against the jurisdiction above the stated retention. All members in the AWC RMSA

have \$15 million in both per occurrence and aggregate liability limits. For the first \$1 million in liability limits, AWC RMSA is self-insured for its Self-Insured Retention (SIR) of \$250,000, per occurrence, and is reinsured by Great American for the additional \$750,000. The \$9 million in excess liability coverage limits is provided through an excess liability policy purchased from Argonaut Insurance Company. The \$5 million in excess liability coverage limits above the first layer of excess coverage is purchased from Allied World National Assurance Company. Since AWC RMSA is a cooperative program, there is joint liability among the participating members. The excess property coverage is purchased through Lexington Insurance Company and in 2019, AWC RMSA carried a retention of \$200,000 and limits up to \$250 million. All commercial policies have been purchased through the Pool’s Broker of Record, Aon.

Members contract to remain in the AWC RMSA pool for a minimum of one year and must give a one-year notice before terminating participation. Even after termination, a member is still responsible for contributions to the Pool for any unresolved, unreported, and in-process claims for the period they were signatory to the Interlocal Governmental Agreement.

The AWC RMSA establishes a loss fund for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses.

In accordance with WAC 200.100.02023, the AWC RMSA is governed by a board of directors, which is comprised of elected officials of participating members.

Outline of coverages

	Member deductible	Pool retention or deductible	Coverage limits
General, automobile, and employment practices liability	None*	\$250,000	\$15,000,000
Crime – Employee fidelity	None	\$200,000	\$1,000,000
Cyber liability	None	\$25,000	\$3,000,000

*Optional member-specific deductibles may be selected.

Note 5 – Subsequent Events

In February 2020, the Governor of the state of Washington declared a state of emergency in response to the spread of a deadly new virus. In the weeks following the declaration, precautionary measures to slow the spread of the virus have been ordered. These measures include closing schools, colleges and universities, cancelling public events, prohibiting public and private gatherings, and requiring people to stay home unless they are leaving for an essential function.

All PRTPO meetings (Executive Committee, Executive Board, and Technical Advisory Committee) are being held as remote meetings utilizing Zoom software. To date, there have been no other financial or operational impacts on the PRTPO.

The length of time these measures will be in place, and the full extent of the financial impact on the PRTPO is unknown at this time.

UPWP Annual Report

SFY 2023 ANNUAL REPORT

Of Performance and Expenditure

July 1, 2022 – June 30, 2023

Peninsula RTPO

UNIFIED PLANNING WORK PROGRAM

September 30, 2023

Introduction

This is the Annual Report of Performance and Expenditure for State Fiscal Year 2023, referred to here as the **Annual Report**. This 2023 UPWP Annual Report recaps the expended RTPO budget and associated work program activities undertaken by PRTPO between July 1, 2022 - June 30, 2023, the status of that work, and an explanation of any variances between budgeted and actual expenditures. It reflects the work of PRTPO's Executive Board, Technical Advisory Committee, and Executive Committee as supported by the PRTPO Coordinators. PRTPO works with Kitsap Transit, its Lead Planning Agency (LPA) and Jefferson Transit, its Fiscal Agent (FA), to deliver the approved work program in accordance with its adopted policies and procedures.

Work program activities summarized here are described in PRTPO's Amended SFY 2022-2023 Unified Planning Work Program, or UPWP. This SFY 2023 Annual Report is for activities described in the second year of that UPWP, which was amended by the PRTPO Executive Board in June 2022.

Details of the expenditures summarized here were reviewed and authorized by the PRTPO Executive Committee and Executive Board each quarter, in accordance with PRTPO's Invoice Reimbursement Policy. This Annual Report summarizes the detail of those SFY 2023 quarterly invoices into a single annual statement of costs and services received, in compliance with state laws associated with the receipt and use of RTPO funds.

Annual Report Structure

This Annual Report is formatted to support state reporting requirements. It includes:

- A summary of expenses incurred by UPWP work program activity area with a budget narrative
- A summary by task of work undertaken in SFY 2023 with RTPO funds and its completion status

PRTPO's Revenue Source

PRTPO's work program activities are funded by state revenues administered by WSDOT and approved for use in carrying out the adopted UPWP. PRTPO is reimbursed for its expenses by WSDOT when it submits approved invoices and documentation for its expenditures.

The Annual Report is part of PRTPO's on-going accountability to WSDOT and the public in the administration and stewardship of these planning funds.

SFY 2023 Financial Summary

SFY 2023 Work Element	Expenditures*	
	Budgeted	Actual
Program Administration	\$78,594	\$77,784
Transportation Planning	\$42,256	\$67,687
Regional TIP	\$11,303	\$7,382
Other PRTPO Activities	\$27,700	\$7,000
Totals	\$159,853	\$159,853

**Note: Kitsap Transit used a federal grant from WSDOT to conduct an update of PRTPO's Human Services Transportation Plan. That funding is not part of PRTPO's adopted UPWP budget and is not included in this Annual Report. A summary of that work can be found at the end of the work program recap.*

Budget Narrative:

The SFY 2022-2023 UPWP was the first two-year UPWP approved by PRTPO, corresponding to the state biennium budget. It was amended in June 2022 to recalibrate the remaining year in light of first year expenditures and then again in April 2023 to add additional state revenues attributed to end-of-biennium funding.

PRTPO requested and received an end-of-biennium supplemental budget request in the amount of \$21,110 for fourth quarter work. Most of this was allocated to a one-year extension of the AWC GIS Consortium services contract that has provided technical support for PRTPO's RTIP and upcoming RTP update. The remainder of the request was to help offset some budget shortfalls. Due to miscommunications, the revenue for the GIS services contract was credited to Task 2 while presented in the UPWP amendment as a Task 4 activity. This is reflected in the differences found in the table above.

Participation in Work Program Delivery:

Activities conducted in SFY 2023 involved active participation of PRTPO representatives on the Executive Committee, Executive Board, and Technical Advisory Committee, WSDOT Headquarters and Olympic Region staff, and other stakeholders. Work was performed by the Lead Planning Agency and Fiscal Agent with support from contract staff.

- Ending balances are not presented using the classifications defined in GAAP.

A. Fund Accounting

Financial transactions of the PRTPO are reported in an individual fund. This fund uses a separate set of self-balancing accounts that comprises its revenue and expenditures. The PRTPO’s resources are allocated to and accounted for in an individual fund for the purpose of performing transportation planning and administrative duties. The General fund is reported below.

General Fund

This fund is the primary operating fund of the government. It accounts for all financial resources.

B. Basis of Accounting and Measurement Focus

Financial statements are prepared using the cash basis of accounting and measurement focus. Revenues are recognized when cash is received and expenditures are recognized when paid.

In accordance with state law the PRTPO also recognizes expenditures paid during twenty days after the close of the fiscal year for claims incurred during the previous period.

Note 2 – Budget Compliance

Budgets

The PRTPO adopts biennial appropriated budgets for the general fund based on funds granted through the Washington State Department of Transportation (WSDOT). The budgets are appropriated at the fund level for planning projects. The budget constitutes the legal authority for expenditures on those planning projects. Biennial appropriations for these funds lapse at the fiscal year end. Biennial appropriated budgets are adopted based on the same basis of accounting as used for financial reports.

The appropriated and actual expenditures for the legally adopted budget in the General Fund were as follows:

FY 2022/2023 Biennial Appropriation	FY 2023 Budget	Supplement Grant funding/budget Adjustment	Actual FY 2023 Expenditures (Cash Basis)	4th Qtr 2023 Expenditures (Late July 2023)	Variance/ Balance	Ending Balance
\$ 274,321	\$ 138,752	\$ 21,101	\$ 114,562	\$ 45,291	\$ -	\$ -

In February 2023, PRTPO requested additional supplemental funds from WSDOT from the end-of-biennium state RTPO funds which WSDOT redistributes from RTPO planning funds turned back by regions. The Supplemental funding in the amount of \$21,110 granted to the PRTPO, enabled the planning organization to obtain another year of GIS services through its AWC GIS Consortium services contract.

The budget variance listed reflects funding budgeted but not utilized. Any revisions that alter the expenditures for the planning projects, or alter the total expenditures of the fund must be approved by the PRTPO Executive Board.

Note 3 – Deposits and Investments

PRTPO has an Inter-local Agreement with Jefferson Transit Authority (JTA) to provide Fiscal Agent duties. JTA utilizes the Jefferson County Treasurer for PRTPO deposits. JTA invoices WSDOT for planning services quarterly. PRTPO does not carry a cash balance in the fund as all payments from WSDOT are in turn paid to service providers.

PRTPO's deposits are entirely covered by federal depository insurance (FDIC) or by collateral held in a multiple financial institution collateral pool administered by the Washington Public Deposit Protection Commission (WPDPC) and this not subject to custodial credit risk.

Note 4 – Risk Management

The PRTPO is a member of the Association of Washington Cities Risk Management Service Agency (AWC RMSA). Chapter 48.62 RCW authorizes the governing body of any one or more governmental entities to form together into or join a pool or organization for the joint purchasing of insurance, and/or joint self-insuring, and/or joint hiring or contracting for risk management services to the same extent that they may individually purchase insurance, self-insure, or hire or contract for risk management services. An agreement to form a pooling arrangement was made pursuant to the provisions of Chapter 39.34 RCW, the Interlocal Cooperation Act. The AWC RMSA was formed on January 1, 1989, when 32 municipalities in the State of Washington joined by signing an Interlocal Governmental Agreement to pool their self-insured losses and jointly purchase insurance and administrative services. As of December 31, 2022, 106 entities participate in the AWC RMSA pool.

The AWC RMSA allows members to establish a program of joint insurance and provides risk management services to all members. All coverages, with the exception of pollution liability, are on an occurrence basis. The AWC RMSA provides all risk property, comprehensive crime, general liability, automobile liability, police liability, public officials' liability, employee fidelity and faithful performance, pollution liability, cyber liability, and equipment breakdown insurance coverage. Equipment breakdown is included with the property insurance carrier. Pollution, and cyber liability coverages are stand-alone policies, which the AWC RMSA procures for its members. The AWC RMSA allows members with airports to group purchase airport liability coverage, and members with drones to group purchase property and liability coverage.

Members pay an annual assessment to the AWC RMSA. The AWC RMSA is responsible for payment of all covered causes of loss against the jurisdiction above the stated retention. All members in the AWC RMSA have \$15 million in both per occurrence and aggregate liability limits. For the first \$1 million in liability limits, AWC RMSA is self-insured for its Self-Insured Retention (SIR) of \$500,000, per occurrence, and is reinsured by National League of Cities Mutual Insurance Company (NLC MIC) for the additional \$500,000. The \$9 million in excess liability coverage limits is provided through an excess liability policy purchased from National League of Cities Mutual Insurance Company (NLC MIC). The \$5 million in excess liability coverage limits above the first layer of excess coverage is purchased from Hallmark Specialty Insurance Company. Since AWC RMSA is a cooperative program, there is joint liability among the participating members. The reinsurance coverage is purchased through NLC MIC and excess property coverage is purchased through AIG Specialty Insurance Company and CHUBB. In 2022, AWC RMSA carried a retention of \$200,000, NLC MIC reinsures up to \$3 million, AIG Specialty Insurance Company

provides excess insurance up to \$50 million, and CHUBB provides the remaining limits up to a total of \$250 million. All commercial policies have been purchased through the pool's Broker of Record, Aon.

Members contract to remain in the AWC RMSA pool for a minimum of one year and must give a one-year notice before terminating participation. Even after termination, a member is still responsible for contributions to the Pool for any unresolved, unreported, and in-process claims for the period they were signatory to the Interlocal Governmental Agreement.

The AWC RMSA establishes a loss fund for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses.

In accordance with WAC 200.100.02023, the AWC RMSA is governed by a board of directors, which is comprised of elected officials of participating members.

Note 5 – Subsequent Events

In response to the Covid-19 pandemic and emergency stay at home protocols, PRTPO implemented remote meetings. Following the end of the Governor of Washington's Stay at Home order, PRTPO continued to hold meetings (Executive Committee, Executive Board, and Technical Advisory Committee) as remote meetings utilizing Zoom software. To date, there have been no other financial or operational impacts on the PRTPO. The length of time these measures will be in place, and the full extent of the financial impact on the PRTPO is unknown at this time.
