INTRODUCTION

The Regional Transportation Improvement Program (RTIP) is a presentation of transportation projects proposed for implementation during a six-year period for the years 2024 through 2029. The PRTPO RTIP is made up of projects with federal funding, State of Washington funding and local funding from around the PRTPO Region. The RTIP describes the project, provides its projected costs, schedule for completion and associated funding sources. Importantly, The RTIP is consistent with the adopted Regional Transportation Plan (RTP) which can be located under the PRTPO Plan & Studies at:

<https://www.prtpo.org/documents>

The PRTPO Region is made up of a four-county area (Clallam, Kitsap, Jefferson and Mason Counties) and members include cities, counties, tribal nations, ports, and transit agencies. The projects listed in this document reflect members who choose to submit projects for review at the PRTPO Region. Kitsap County Members submit their RTIP projects to the Puget Sound Regional Council (PSRC). The RTIP is not a complete list of projects for each member jurisdiction.

DEVELOPMENT OF THE RTIP

The RTIP is an annual process that is brought to the PRTPO Executive Board for consideration in September of each year. The RTIP is required by RCW 47.80.023. Specifically, the RCW requires the RTPO to: *“develop, in cooperation with the department of transportation, operators of public transportation services and local governments within the region, a six-year regional transportation improvement program which proposes regionally significant transportation projects and programs and transportation demand management measures. The regional transportation improvement program shall be based on the programs, projects, and transportation demand management measures of *regional significance as identified by transit agencies, cities, and counties pursuant to RCW 35.58.2795, 35.77.010, and 36.81.121, respectively, and any recommended programs or projects identified by the agency council on coordinated transportation, as provided in chapter 47.06B RCW, that advance special needs coordinated transportation as defined in RCW 47.06B.012. The program shall include a priority list of projects and programs, project segments and programs, transportation demand management measures, and a specific financial plan that demonstrates how the transportation improvement program can be funded. The program shall be updated at least every two years for the ensuing six-year period.”*

**Regionally significant project means a transportation project (other than projects that may be grouped in the TIP and/or STIP or exempt projects as defined in EPA's transportation conformity regulations (40 CFR part 93, subpart A)) that is on a facility that serves regional transportation needs (such as access to and from the area outside the region; major activity centers in the region; major planned developments such as new retail malls, sports complexes, or employment centers; or transportation terminals) and would normally be included in the modeling of the metropolitan area's transportation network. At a minimum, this includes all principal arterial highways and all fixed guideway transit facilities that offer an alternative to regional highway travel.*

The RTIP is presented to the WSDOT after Executive Board approval for inclusion in the Statewide Transportation Improvement Plan (STIP). Only projects with secure funding are included in the STIP. Projects with planned funds are left in the RTIP until they are ready to move from planned to secure. In the project descriptions a letter “P” is found on the left side of the funding description for planned funding while an “S” is for secure funding.

Once funds are secured, the RTPO forwards the projects to WSDOT for inclusion into the Statewide Transportation Improvement Program (STIP). The STIP has a public review period similar to the RTIP. The latest STIP can found at: <https://www.wsdot.wa.gov/LocalPrograms/ProgramMgmt/STIP.htm>

A summary table is provided on page 4 detailing the funding totals by categories of federal, state and local funds by jurisdiction.

POLICY FOR AMENDMENTS

New projects or those requiring amendment beyond the WSDOT administrative thresholds are brought before the Executive Committee for discussion and forwarding to the Executive Board agenda. Projects needing an expedited approval process are brought before the Executive Board without Executive Committee review for consideration no later than 14 calendar days before the next scheduled Executive Board meeting. Projects submitted less than calendar 14 days prior to the Executive Board meeting will be forwarded to the next scheduled Executive Committee meeting for consideration.

PRTPO coordinators track projects by the date of Executive Board approval.

Existing projects may continue to be amended using WSDOT amendment guidelines.

PRTPO coordinators will update the RTIP once the Executive Board has approved the project.

FISCAL SUMMARY 2024-2029

Member	Federal Funds	State Funds	Local Funds	Total
Clallam Co.	\$ 16,821,310.00	\$ 905,456.00	\$ 1,901,406.00	\$ 19,628,172.00
Forks	\$ 334,500.00	\$ 2,030,000.00	\$ 52,260.00	\$ 2,416,760.00
Jamestown S'Klallam Tribe	\$ 27,923,153.00	\$ 8,125,027.00		\$ 36,048,180.00
